

# Los Angeles demonstrators protest 580 death

LIVERMORE — Approximately 45 people demonstrated outside the Livermore Municipal Courthouse yesterday to protest the shooting death of a Long Beach woman by a California Highway Patrolman nearly two weeks ago.

The demonstrators passed out blue four-page leaflets describing the shooting of Betty Ann Scott, 30, as a "senseless, brutal police slaying" and urged public support of their efforts to initiate a "full-scale, unbiased, and independent investigation."

The protestors then packed

the courtroom of Judge John A. Lewis for the arraignment of George Smith Jr., the lone passenger in Scott's car the morning she was shot, on three felony charges including possession of cocaine, possession of marijuana, possession of stolen property, and two misdemeanor charges of carrying a pistol without a license, and unlawfully and willingly carrying a loaded pistol in a vehicle in a prohibited area.

The demonstrators waited approximately 45 minutes for the arraignment which lasted only five minutes and resulted in a continuance to Thursday, Oct. 30 at 9:30 for setting

a plea. Smith was then released on his own recognizance.

After the arraignment, protestors held an informal news conference in the courthouse parking lot at which time they expounded on their version of the incident to newsmen. After the news conference, the crowd dispersed quietly.

Scott was pulled over by CHP Patrolmen Curtis Engbersen and Gordon Robbins as she proceeded westbound on Interstate 580 near Santa Rita Road at about 4 a.m. on Sept. 29.

While Engbersen checked Scott's California card, Rob-

bins reportedly saw her reach into the glove box and pull out a pistol.

"I ain't got no gun," she allegedly said when both patrolmen ordered her to drop the weapon and freeze. She allegedly continued to pull the .32-caliber automatic pistol out of the glove box and began to point it at Engbersen when he fired.

The bullet hit her in the left side of the neck, exited, entered her right shoulder and exited, according to a county coroner's office spokesman.

She was pronounced dead on arrival at Valley Memorial Hospital. The coroner's spokesman said she died

from shock and hemorrhaging due to the bullet wound.

In the four-page pamphlet, the Scott-Smith Committee says that Engbersen was "very nervous" as he approached the vehicle. It charges Engbersen informed Scott she had been speeding, and demanded the registration.

"As Betty (Scott) is reaching over George (Smith) for the glove compartment, a shot rings out — Betty slumps onto George's lap fatally wounded," the committee charges in its pamphlet.

It further states that Officer Robbins exclaims, "Man, what have you

done?" immediately after the shooting.

The committee charges Scott was shot in the neck in such a way "that it would have been physically impossible for her to be pointing a gun as claimed by Officers Engbersen and Robbins." It further states that powder burns on the left side of her face indicate that if she had been aiming at Engbersen, the powder burns would have struck her in the front of the face or neck.

The pamphlet asks why officers approached the vehicle with guns drawn, and says "no one, but no one would grab a gun and point it at one

of two armed officers" as it is reported Scott did.

The Sheriff's Dept. recently completed an investigation of the incident, in which they termed the shooting justifiable homicide on the basis that Scott drew a pistol and aimed it at the patrolmen.

Officer Don Madsen of the Sheriff's Dept. said their investigation refutes charges by the Scott-Smith committee that officers approached the vehicle with guns drawn.

"The patrolmen didn't draw their guns until they saw Scott reach for hers, at which time they ordered her to drop it, which she failed to

do," Madsen said of the report's conclusions.

Iris Linden, chairperson of the correspondence committee of the Scott-Smith Committee, said the protestors were mostly Long Beach and Los Angeles residents who traveled to Livermore in a "caravan" arrangement specifically to demonstrate at Smith's arraignment. She said they were expected to return to Southern California late last night.

She refused to speculate if civil charges would be filed against regarding the incident.

FRIDAY, OCTOBER 3, 1975

PLEASANTON, CALIFORNIA

CONSTRUCTION OF THE NEW PLEASANTON POST OFFICE SHOULD TAKE ABOUT NINE MONTHS

## Post Office is next project

The clatter of construction in Pleasanton will continue even after a seemingly interminable summer of railroad track crossing repairs, Ray Street diggings and Main Street resurfacing.

The next big project will be the construction of the new Pleasanton Post Office at the corner of Black Avenue and Santa Rita Road.

Grading has already begun on the 150,000 square foot plot of land and Cliff Buckingham of Spencer Pacific Construction, the contractor, said "You might say that is the beginning of the construction."

Although the federal government is not required to get any city building permits or other approval, Buckingham

said that Spencer Pacific is planning to get many of the needed permits.

The \$1.125 million project is expected to take around nine months with the brand new building opening early next summer. That of course assumes that the weather is normal and there are no strikes or material delays in the meantime.

Spencer Pacific would like to "get most of the dirt work done before the rains come," according to Buckingham, and he estimated that the dirt work will take around four weeks.

One not immediately apparent part of the project will require the digging up of Black Avenue and part of Aquatic Park for a period of weeks.

The only available drain with large enough capacity for the Post Office is across the street about 280 feet due west of the library.

The contractor will have to dig a 30-36 inch wide trench across Black Avenue and onto the grass of the park to hook the storm drain into the system. The new manhole will be just a few feet south of a manhole already present.

The trenching should have no effect on any recreational activities at the park.

Pleasanton's Chief Engineer Don Sooby said he understood that the trenching would take place early in the construction process, so residents can expect to see Black Avenue torn up in the near future.

William Phoeodovius, the project manager for the post office, said "If possible, the digging will take no more than a week or two" on the street itself. The overall trenching will probably take three or four weeks, Phoeodovius estimated.

Phoeodovius is also very pleased with the choice of contractors and the design. "The new post office will be in harmony with existing structures," he said.

Post office patrons will only have access to the new building from Black Avenue, although post office vehicles will have an exit onto Santa Rita Road. A sidewalk will also be constructed along Black Avenue that will hook up with the new sidewalk along Santa Rita Road.

## At three elementary schools

## Bus stops reinstated

PLEASANTON — Partial reinstatement of bus stops for students attending Vintage Hills, Valley View and Pleasanton Elementary may be in service by Monday morning, following action of the Pleasanton Elementary School District board Wednesday night.

The stops, which move the district another step closer to the same level of school bus service provided in 1974-75, were approved unanimously. Trustee Betty Nostrand was absent.

Dr. Bruce Newlin, district superintendent, had made the four - part recommendation which includes the following:

1) Keeping the walking distance for elementary age children at one mile but changing the method of allocating buses. Bus stops, for elementary school youngsters, will be made at Char-donnay and Sylvaner and Vintner and Crellin.

2) Bus stops will be at the 1 1/4 mile limit. Fourth and fifth graders living in Vintage Hills area and going into Valley View would be picked up at the aforementioned stops.

3) An added bus stop, at about the 1 1/4 mile mark, would be reinstated in the Jensen tract area for students going to Pleasanton Elementary.

4) Parents with babysitter problems who wish an intra-district transfer to Walnut Grove will now have that option. Newlin said that principal Anthony Huff has a few seats open.

Parents who overflowed the meeting room left with mixed reactions.

A request by 17 parents for morning inbound stops at Harvest and Black for stu-

dents going to Alisal was not taken up by trustees.

Newlin admitted that the revised schedules would cause some problems with reading sections at Valley View and Vintage Hills schools.

"If the revised schedules are implemented, we may have to rearrange the reading sections more along geographical lines," said the former Lancaster schools chief.

Dr. Guy Clark seemed to reflect the feeling of most trustees and at least a couple in the audience when he said, "Transportation isn't at the top of my priority list and I get upset when I see parents getting so riled over individual situations. I'm stating that view because I think it's (transportation) going to come up again. We just can't resolve all the personal problems that exist out in the district."

Asked later if some sort of citizens committee could be formed to keep abreast of the school busing situation, Newlin said, "I don't see any problem in involving an ad hoc committee to study transportation. I think, though, that if we started all our school schedules at the same time we'd have to quadruple our bus scheduling."

Doug Rose, assistant superintendent for fiscal services, reported on carryover funds to specific budget categories.

"Although not all schools have completed this task," Rose said, "it is desirable to make those intra-budget transfers that are now being recommended."

The transfers requested included the following amounts:

Valley View, \$1,168; Pleasanton Elementary, \$3,205.52; Harvest Park, \$1,620; Walnut Grove, \$8,989; Instructional supplies, \$1,379; District media center, \$3,019.

An additional amount of \$4,803.10 will be transferred from reserve for contingencies, funds restricted from 74-75 special purpose apportionment for instructional materials to the media center.

David Cook, summer school principal, reported on the 1975 session, noting that enrollments were 419 at Alisal, 671 at Harvest Park and 302 at Pleasanton Elementary.

According to Cook, the classes which maintained good attendance were the reading and math institute at the second and third grade levels, the reading, writing and math workshops at the fourth through eighth grade levels and the first grade self-contained program.

Cook recommended a similar second and third grade

reading and math institute program next summer. Students with special problems in reading and math were selected for this graded program from parent or teacher referrals.

Jim Kimbell, Summer Outdoor Education director, declared the "Sierra to The Pacific" program "unquestionably an overwhelming success."

He reported 5211 students from first through eighth grades took part. He then introduced Bob Pucci, Frank Helling and Herb Hartwig who further discussed the program, noting the numerous favorable comments received on critique forms sent out. Hartwig and Helling showed film and slides of the various outings.

Trustees set Wednesday, Oct. 22 at 7:30 p.m. for a trustee-staff work study session at the District Educational Center.

—by Al Fischer

## Promised shop center 'anchor' has troubles

A retail chain that had been scheduled to "anchor" a major shopping center on Pleasanton's east side has filed for reorganization under the nation's bankruptcy laws.

W.T. Grant Co. had been announced several years ago as the major tenant in a 40-acre retail center at Tassajara Road and Interstate 580. The acreage is part of the Oliver Rousseau holdings.

The New York-based chain operates 1070 outlets in 40 state states. It listed assets of \$1.016 billion and liabilities of \$1.03 billion.

Security analysts say the firm's financial problems are the result of too rapid expansion into new areas.

The projected retail center in the Rousseau tract has never been launched, although there is ground still zoned for that use.

## Matching with needs

Volunteer Bureau matching volunteers with community needs located at 287 Rose Ave., Pleasanton. An open house was held on the first day of operation, Wednesday, Oct. 1 for social agencies and citizens of the community. The agency will be operating Monday through Friday, 10 a.m. to 3 p.m. Bureau phone number is 462-3570. The Volunteer Bureau will be under the volunteer directorship of Betty Stallings.

## 'Missed on Saturday night'

The calendar of Saturday events for Livermore's Festival '75 is reprinted here for the convenience of those planning to enjoy the continuous free family entertainment offered during the festival's two days, Oct. 4 and 5.

Headlines over calendars printed in yesterday's Times (page eight) were mistakenly switched, putting a "Sunday" label on Saturday's calendar, and vice versa.

Festival-goers who may have clipped the calendars

are reminded to note the correction of date.

Festival '75 will offer something to tickle the fancy of people of every age and every taste. Activities encompass nearly every form of per-

forming and visual arts with hundreds of Livermore musicians, dancers, dramatists and artists participating

The festival will kick-off celebration of the Bicentennial by the City of Livermore.

## Bicentennial Comm. honored

Pleasanton's 97-year-old Century House formed the backdrop and *raison d'etat* recently for ceremonies honoring the city's Bicentennial Committee, Jaycees and "the many concerned and

dedicated citizens" who helped restore the historic center. Fifteenth District Assemblyman Floyd Mori presented Bicentennial Committee Chairman Ken Mercer with a copy of the resolution.

## Supervisors agree to continue one-acre zoning

**ALAMEDA COUNTY BUREAU**  
OAKLAND — A disgruntled Chester Andersen marched from the Alameda County Board of Supervisors' chambers yesterday after the board voted to continue for seven months his request to rezone property on Portola Avenue at the entrance to Livermore.

Supervisors decided quickly to continue the matter to May 6 following a Local Agency Formation Commission (LAFCO) review of Livermore's sphere of influence.

Andersen hoped, he said, to have the matter resolved sooner.

His petition asks the county to rezone 4.7 acres on the north side of Portola Avenue opposite North P Street. He wants the agricultural zoning changed to a retail business district.

Andersen spearheads a drive by approximately 100 property owners for formal removal from the city's sphere. The properties, while outside the city limits, fall within LAFCO's recently decreed sphere of influence for Livermore.

His petition charges the city "is unwilling and incapable of reasonably planning and meeting the needs and requirements for each of these properties."

LAFCO agreed in its September meeting to reopen hearings while keeping the present sphere in effect.

Hearings are scheduled to begin Nov. 6 and Alameda County Counsel Kelvin Booty promised Superior Court Judge George Phillips, Jr., a new sphere — or a recommendation for the same baoun-

dries — by April. Livermore has sued LAFCO over the exclusion of the Las Positas Valley — proposed future home of Harlan Geldermann's New Town — from its sphere. Livermore's suit and Andersen's petition forced a reopening of the hearings.

County planning commissioners earlier voted six to one in recommending approval of the rezoning. Their staff,

however, thought the reclassification should be denied because it would be "contrary to the general plan land use proposals for the area;" no need had been shown for additional commercial zoning; and the unlikelihood of available sewer service in the area.

The supervisors vote to continue the matter was unanimous.

— by Ron Rodriguez

## County clinics offer Liv., Pleas. residents flu shots

Pleasanton and Livermore residents can get their flu shots at county clinics this month, the Alameda County Health Care Services Agency reports.

People with lung problems or other infirmities are urged to get the single-shot protection, which is said to be very effective with few side effects.

Livermore's clinic will be 9-11 a.m., Tuesday, Oct. 14 in St. Bartholomew's Church, 678 Enos Way (off Portola.) This is one of the regularly held immunization clinics scheduled for the second Tuesday of every other month.

In Pleasanton, shots are available every Thursday, 2:30-4:30 p.m., in the Valley

Health Center, 3730 Hopyard Road.

## For Viet and Spanish-speaking students

# LUSD launches language class

**LIVERMORE** — The Livermore Unified School District is about to launch a program to help its 42 Vietnamese students — and uncounted Spanish-speaking children — learn English.

Not quite sure where to begin, volunteer coordinator Kay Honodel held an all-morning meeting yesterday in the Education Center. The gathering drew teachers like Mary Cleland of Granada High, who has eight foreign students in her home economics classes; Laubach Method tutors like Jerry Harper, who has been working as a volunteer and who is hoping to be hired full-time to coordinate the district's program; and a half-dozen local women who were interested in volunteering as tutors.

Volunteerism will be the core of the new program. Whether there will be a hired coordinator depends on whether the district gets any funding. There's not a cent in the budget for the big project, which was spurred by the sudden influx of Vietnamese and Cambodians but which the Latin American community has been requesting for years.

Sally Dilgard and Jerry

Harper have been successfully teaching English through the Laubach Method for years, through Our Saviors Lutheran Church and Valley Christian Center.

Their proposal was that Mrs. Dilgard stage a six-hour training course for anyone in the community who wanted to volunteer.

Mrs. Harper would be full-time coordinator, delivering materials to tutors at each of the district's schools and helping tutors day-by-day. Mrs. Harper would get a full-time salary, while Mrs. Dilgard would be paid for her time as training director.

"Awfully expensive," breathes Kay Honodel, the district's coordinator of volunteers, who herself donated many hours before she was put onto the district's payroll as a part-time employee.

"Maybe we could hire Mrs. Harper on a consultant basis instead, possibly having her meet with the tutors as a group once a week."

Since the Laubach method is highly individualized, proponents feel a teacher should be in close touch with all volunteers to show them how to do each lesson.

In a half-hour talk, Mrs. Dilgard outlined the Laubach method. "We recommend an hour every day of tutoring," she said. "The first 10 minutes is spent in physical activities — like beanbag toss, Simon Says, and so on."

"Then comes 20 minutes of oral practice. The first half is what we call 'survival English' — learning phrases like 'Where is the bathroom?'"

"Then 20 minutes of reading and writing, using visual aids." She displayed large, simple drawings. "We use contractions from the start, because that's the way students are going to hear English spoken."

"The last 10 minutes are spent reinforcing, personalizing, internalizing what they have learned."

After the group was fired up with enthusiasm for a tutoring program, two speakers were produced to sketch the cultural background of the Oriental and Latin-American

children who will be tutored. Jim Dow, a State Department representative to Vietnam, said the Vietnamese were not socially mobile and most were not educated beyond elementary schools — especially the farm dwellers, who are usually illiterate.

However, the Vietnamese value education. They live in a paternalistic society where the father is the authority and the oldest son is next in line. They are taught to hold in their feelings, not to get too close to others and not to accept favors unless they are also willing to repay those favors.

Many are Buddhists and value personal growth above

social achievement — which is opposite of American ideals.

Dick Flores followed with a plea for tutors: "In your zeal to teach them English, don't trample on them."

He urged tutors to think of being bilingual as "a blessing, not a liability."

He said teachers shouldn't try to Americanize the children before they are ready by forbidding them to speak their native tongue at school, or by forcing them to Anglicize their names.

Giving a quick sketch of Mexican-American culture (with the warning that many Spanish-speaking Valley residents are from Puerto Rico,

Colombia, Nicaragua or other countries, and proud of it), Flores explained the "manana" ethic: "People are more important than time or money" and therefore a Mexican won't rush away from a friend to keep an appointment.

They're "law-and-order people" with great respect for authority, "although there's some cynicism about politicians and police," he allowed.

They're taught to lower their eyes when being scolded, instead of looking the accuser in the eye as Americans are taught. They live in an extended family that includes cousins, uncles and aunts. Children are included in all events. Big fiestas for birthdays, baptisms, weddings and holidays are more important to Mexicans than salting away a savings account.

And religion is a big part of their lives.

You don't have to be a teacher or a linguist to help students learn English. A willingness to give a few hours a week is all. Offers of help may be directed to Kay Honodel at 447-9500.

## Should high school smoking be allowed?

Community input is being asked for by the Amador Valley Joint High School District Campus Smoking Legislation committee which is studying the ramifications of the bill which will become effective Jan. 1, 1976.

**PLEASE ANSWER THE FOLLOWING QUESTIONS:**

Do you think that smoking by students on campus should continue to be prohibited? (Circle one) YES NO

If the policy remains as it is, would you be willing to help enforce it? YES NO

If smoking were permitted on campus:

a) Non-smokers would be encouraged to start smoking. YES NO

b) Student who do smoke would probably tend to smoke. MORE — LESS — SAME

If smoking were allowed on campus, should it be: (check one)

a) Only in specific designated areas.....

b) Or anywhere except in buildings, which is prohibited by law.....

Please check appropriate boxes: ... Student ... Adult ... Nonsmoker ... Smoker.

Please return all questionnaires to Neil Sweeney, District Educational Center, P.O. Box 130, Pleasanton, Calif. 94566.

# Mike Funk, Art Bailey win patriotic poster contest

LIVERMORE — Mike Funk and Art Bailey, pupils in Aaron Rogoff's class at Portola School, have won individual awards for the "most patriotic poster" in the school-wide "Pride of Portola Poster Contest."

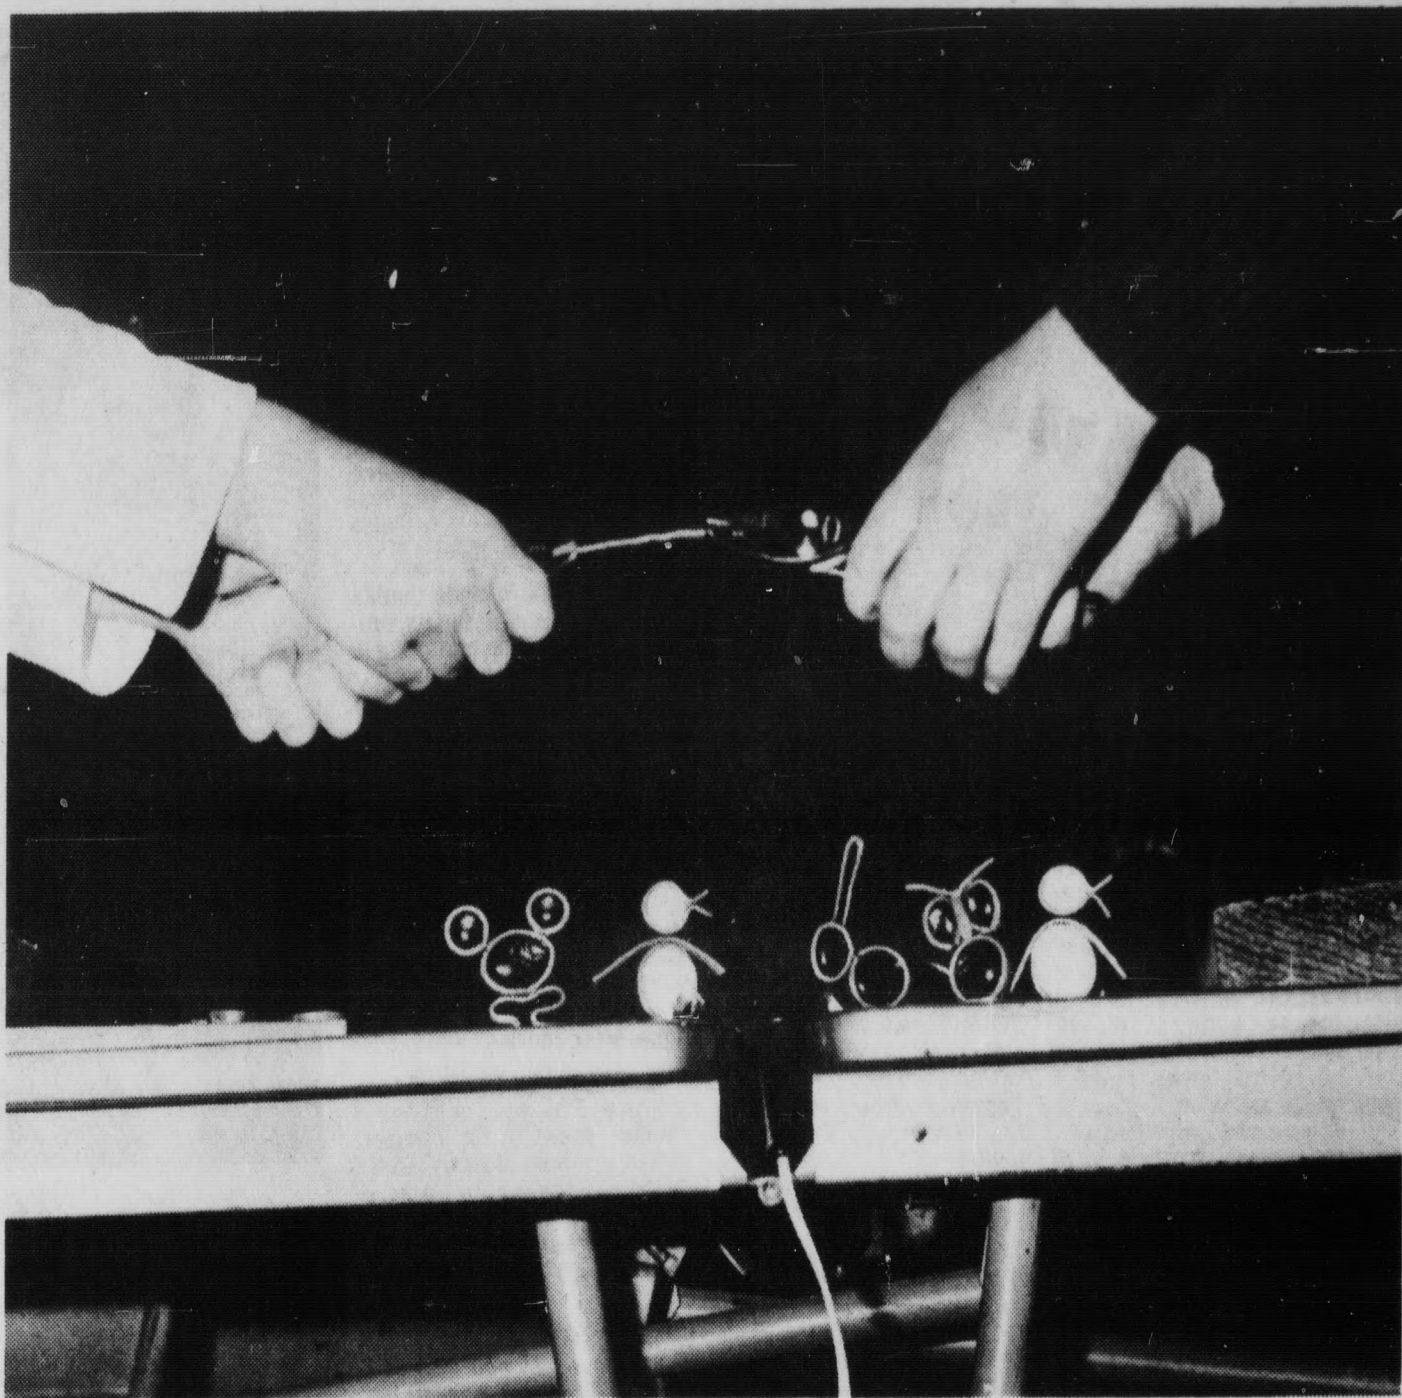

Grand prize in the contest

went to Mrs. Joanne Johnson's class for their entry. Mrs. Vonna Born's primary class and Mrs. Lois Rockstead's intermediate group were also winners.

Other individual awards went to Brad Berkey of Rogoff's class, Sherri Loomis and Tony Powers of Morris Swenson's class.

Winners were announced at a recent back-to-school-night potluck dinner attended by 200 parents, teachers and students. A short PEPS (Portola Educators and Parents Society) meeting was chaired by Linda Hansen who introduced the PEPS executive board: first vice president Mary Dembeck, second vice president Stephanie Glover, treasurer Janice Biehl, secretary Diana Betencourt.

The Early Childhood Education program, now in its third year, was explained briefly, with introductions of ECE facilitator Madge Takemori and ECE chairperson Jackie Zahrnhak.

## Child's world at Armstrong

SAN RAMON— "Children and their World" is the title of a series of evening programs designed to assist parents with the dynamics of child growth and development.

Guest speaker for the series is the highly-acclaimed Sister Paulina Mary Ken-

edy, professor of psychology and department head at Holy Names College in Oakland.

Remaining programs and topics are as follows: Emotional development of the child, Oct. 8; Moral development of the child, Oct. 15; Discipline, Oct. 22; The importance of parent-child

relationship, Oct. 29.

Programs are held at the Neil Armstrong School, 2849 Calais Dr. Parents may make a \$1 donation, per family, if they desire, to help finance additional workshop meetings.

For further information, call 828-7922.

## Flag kit

Brian Bourg of Second Street, Pleasanton receives assistance from Joyce Getty of the Bicentennial Finance Committee in putting his bicentennial flag kit together. The Bourgs will be one of five families opening their Heritage Homes for the Bicentennial Committee's Home Tour, Sunday, Oct. 5 from noon to 5 p.m. Tickets at \$5 per adult and \$2.50 for senior citizens are available at City Hall, Recreation Department Chamber of Commerce, Plaza Books and Sage Books. Other homes on the tour include the Kirschbaums on Neal Street; Beauford Halls also on Neal; David Halls on Second Street and Hackers on Third Street. If any tickets remain to be sold on the day of the tour, they may be purchased at Wayside Park, Kirschbaums or Century House on Santa Rita. Flag kits may be obtained from Ann Carroll, Recreation Department.

There are many affairs,  
Tis true,  
But the one that is  
Best for You,  
Is A Separate Affair  
You can wear with a flair,  
Come in and we'll show it  
To You.

Thanks To: Carolyn Strohbridge  
Pleasanton

## School lunch menus

SAN RAMON— Following are the menus for San Ramon Valley Unified School District schools for the week of Oct. 6-10:

MONDAY— Barbecue beef on bun, cheese sticks, potato roundabouts, frosted apple-apricot cup, apple wedge.

TUESDAY— Homemade beef and cheese enchilada, whole kernel corn niblets, crusty french bread, double-good orange jello, apple wedge.

WEDNESDAY— Do-it-yourself hamburger, fixin's and spreads, hash brown potatoes, creamy chocolate pudding, apple wedge.

THURSDAY— Taco treat with meat and cheese, shredded lettuce and tomato bits, south of the border beans, chilled watermelon.

FRIDAY— Oven-baked macaroni and cheese, savory green beans, ham salad sandwich, funny fruit cake, apple wedge.

Menu is subject to change without prior notice.

## Creating together

Creativity is now more than an attribute — it's a class at Nielsen School. Gary Biedma has 30 seventh and eighth graders who work on various creative projects throughout the school year. Right now, the children are working on experiments with glass and the figures of penguins and frogs in the background are the result of combining lead (which the two students are shown stretching here) and colored glass. Future materials for creating include pottery, ceramics and wood. Biedma also offers the class for adults at Dublin High during the evening.

## Granada youth hit by car

LIVERMORE — A Granada High School student received several scrapes and bruises Monday after being hit by a car in front of the school.

Mitchel Scott Goodrum, 14, apparently ran across Wall St. without first looking and was hit by a car driven by Dennis Allen Fore, 28, of Livermore. Police say Fore was traveling at a safe rate of speed and was not cited.

Goodrum was taken to Valley Memorial Hospital for treatment and released. He was cited for failing to yield to traffic.

## Navy enlistee

Brian Anthony Reece, the son of Mrs. Elizabeth Ann Reece of Galindo Drive in Dublin, has recently enlisted into the U.S. Navy under provisions of the Aviation Anti-submarine Warfare course. Reece is a graduate of Dublin High School.

### Livermore Senior Citizens

Members of the Livermore Senior Citizens Club may reserve a seat on a second bus making the trip to Catalina Nov. 3-7 by contacting Ruth Stewart at 455-1505. Cost of the popular outing is \$105 per person.

The choral group gathers every Tuesday at 1 p.m. at the Crestwood Lodge and welcomes singers from 18 to 80 years of age to join the fun. Members may earn college

credit from Chabot College for participating. The group will perform at Livermore's Festival '75 Saturday at the Presbyterian Church.

The arts and crafts section meets Mondays from 1 to 3 p.m., and card buffs enjoy bridge, whist and pinocle Thursdays from 1 to 3 p.m. at the Livermore Recreation Center.

### Bridge

The Amador Valley Y-Wives bridge group meets each Wednesday from 12:30 to 3 p.m. at St. Clare's Episcopal Church in Pleasanton.

Interested bridge players of all levels are invited to join the group. Babysitting at a nominal fee is available for children aged two months to six years. For more information call 443-1065 or 846-1831.

### Rebekahs

Pleasanton Rebekah Lodge No. 198 will host a "dime-a-scoop" dinner Saturday, Oct. 11 at the Pleasanton Odd Fellows Hall.

Dinner at 6:30 p.m. will be followed by bingo. The public is welcome to the event.

### ABWA

The Oct. 7 meeting of the Golden Hills Charter Chapter of American Business Women's Association will mark the second anniversary of the chapter and the initiation of seven new members.

The club will gather at the Howard Johnson Restaurant for cocktails at 6:30 p.m. and dinner at 7 o'clock.

Guest speaker for the occasion will be Mike Crowley of the Environmental Space Media, designers of recreational areas. Officers will also be elected at the meeting.

The ABWA extends thanks to the community for its support of the club's Monte Carlo Night.

### Beta Sigma Phi

**XI XI PSI EXEMPLAR CHAPTER** of Beta Sigma Phi will gather at the Pleasanton home of Mrs. Jack Bresee Wednesday, Oct. 8 at 8 p.m.

Co-hostess for the evening will be Mrs. Allan Reubelt, with a program entitled "The Voices Behind Us" by Mrs. Glen Vlaanderen.

**PI RHO CHAPTER** of Beta Sigma Phi will convene a model meeting for prospective members Monday, Oct. 6 at the Pleasanton home of Mrs. Dorothy Houston. Keville Parker will present the program "The Voices Behind Us."

**XI PI OMEGA CHAPTER** will serve tea and crumpets at the Tea Dance Saturday, Oct. 4 which will conclude the day's activities at Festival '75. The chapter will also provide ice cream cones and lemonade for festival-goers Saturday and Sunday.

### Autumn Bewitchery

An elegant fall luncheon and fashion show has been set for Wednesday, Oct. 8 by the Christian Women of St. Bartholomew's Episcopal Church in Livermore. The 'Autumn Bewitchery' theme will be carried out with enchanting floral arrangements and a hauntingly delicious menu of chef salad and refreshments. As a special attraction, San Francisco Fashion Distributor Angie Deltri will outfit ten models of varying body types in the latest fall attire, reasonably priced. Tickets at \$2.50 per person include a \$1 discount coupon from the Pizza Arcade. For reservations contact Roberta DePiano at 462-4214 or Kay Mailander at 447-4196 today.

### Christian Women's Club

The Amador Christian Women's Club will host a guest night at the Castlewood Country Club Thursday, Oct. 9.

William Kirchmier will present a program on the fun of snow skiing, and Hugh McIntyre, pilot for United

Airlines, will also speak to the group. Music will be provided by Dan Whitmore.

Tickets at \$10 per person must be reserved by noon Oct. 6 through Gene Jones at 828-6689, Margaret Blakesley at 447-4692 or Norma McIntyre at 829-1450.

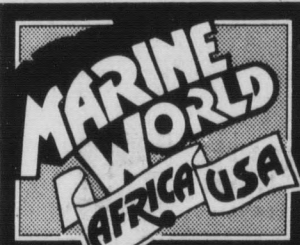

### Casino night

The Lung Association of Alameda County will benefit from a dinner-dance and casino night at the Shannon Community Center in Dublin Saturday, Oct. 4.

"Las Vegas Night II" is sponsored by the Women's Auxiliary of the Plumbing, Heating, and Cooling Contractors of Alameda County. In honor of Mrs. Annie Ferreira, an auxiliary member with a chronic lung ailment, the women's group will donate the evening's proceeds toward a breathing machine for the Lung Association.

Tickets at \$6 per person, including dinner at 6:30 p.m., dancing and door prizes may be reserved through Mrs. Ha-

zel Lynch at 828-1527 or purchased at the door.

6 ALL-NEW SHOWS PLUS 50 GREAT ATTRACTIONS OPEN DAILY WEDNESDAY THRU SUNDAY

9:30 a.m. to Dusk Minutes South of San Francisco Airport on the Bayshore Fwy. (U.S. 101) Dial (415) D-O-L-P-H-I-N

### LLLWA

Assemblyman Floyd Mori will be the guest speaker for the LLL Women's Association Monday, Oct. 6 at noon in Room 1168.

Significantly, Mori worked on a select committee to establish a Status of Women Commission for Alameda County.

### Valley Women's Club

Pat Hall from the Emergency Fund Center in Livermore will speak to the Valley Women's Club Tuesday, Oct. 7. She will explain the purpose and activities of the center and offer suggestions on how organizations may be of assistance.

The Valley Women's Club meets every Tuesday from 9:30 to 11:30 a.m. at the Livermore Recreation Center and welcomes all local women.

Playschool facilities are available for children aged two months to six years for all meetings.

Reservations for the playschool must be made with Sue Graham at 455-1737 before 2 p.m. Monday prior to the

meeting. For more information contact Pat Lundberg at 447-7155.

### DAR

The Jose Maria Amador Chapter of the Daughters of the American Revolution will convene at the Livermore home of Mrs. Mary Mahler Saturday, Oct. 11 at 1:30 p.m.

Mrs. Manuel J. Melin, reagent of the Oakland chapter, will report on the Continental Congress held in Washington, D.C. Mrs. Emily Weed of Livermore will co-host the meeting.

### Dublin Women

The Women's Club of Dublin will host a membership luncheon Oct. 7 at the Dublin home of Sylvia Hatheway, 7415 Mancini Court.

Prospective members interested in meeting the group and learning more about the Dublin Women should contact Dorothy Anderson at 828-4533. The club is open to women over 35 years of age who desire to become involved in community service. Mrs. Ted Woy is president of the Women's Club of Dublin for the current term.

### Ranch Riders

A gymkhana for the Ranch Riders of Livermore is planned Sunday, Oct. 5 at 9 a.m.

Winners of the Sept. 21 playday were Amber Morelli, Lynn Baker and Pam Mack on ponies; Julie Mack, Kris Kimmel and Rick Davi in peewee category; Pam Putt, Kim Davies and Darla Simmons in junior division; Rick Davis and Chuck Finister (tie), Rae Baker and Nancy Valdez in the senior category.

The Agnew Family placed first in the costume category, with Stella Smith, Wendy Greenstade, Donna Miller, Danny Miller and Gay Kimmel as runners-up.

### NARFE

Election of officers is on the agenda of the Livermore Chapter No. 397, National Association of Retired Federal Employees, when it convenes Thursday, Oct. 9.

Edgar L. Mayfield, executive vice-president of District 4, will install officers at the 1 p.m. meeting at the Livermore Recreation Center.

Retired Federal civilian employees of the area are invited to join the group.

### Theta Omega supports Garnet Austin team

Presenting team shirts to members of the Garnet Austin Bowling Team on behalf of Theta Omega sorority are Joyce Cox, philanthropic chairman, and Sharon Rowell, sorority president. At center are team members Dora Rodriguez, Michael Mich-

elini and Debra Camara who bowl at the Granada Bowl every Friday as part of the Special Olympics program. For more information about Theta Omega Chapter of Epsilon Sigma Alpha, contact Barbara Savoie at 462-1165.

### LBP

A wrap-up of plans for a Bicentennial program will occupy members of the Livermore Business and Profes-

sional Women's Club when they meet Wednesday, Oct. 8 at the Livermore home of Mrs. Graham Barber at 7:30

## Duarte is Eagles' man of the year

Earl B. Duarte has been chosen as the outstanding citizen in the Livermore Valley by the Livermore Aerie of Eagles No. 609.

Duarte is manager and vice president of Wells Fargo Bank, and is a lifelong resident of Livermore. He and his wife Ida live on Park Street.

The Eagles have selected an outstanding citizen each year since 1947, choosing a worthy citizen who has contributed much to making this community a better place to live.

Duarte was born in Livermore and was a three-sport athlete at Livermore High. As a youth he and his brother made regular treks to Indianapolis for the 500-mile race and his interest in sport is still strong.

He plays golf and tries to encourage younger athletes in the area.

Duarte has a long and outstanding record in local and civic affairs. He has served as a director for the Livermore Area Recreation and Park District, the Livermore Stockmen's Rodeo and Valley Memorial Hospital, as well as working on fund-raising drives for the United Crusade, Red Cross, the Boy Scouts of America and the March of Dimes.

He is still active as a Board Director of the Alameda County Taxpayers' Association, treasurer of the local Bicentennial Committee, Key County Banker and a member of the Unified School District Affirmative Action Committee.

Duarte will be honored on Tuesday Oct. 28 at the Eagles Hall in Livermore. Retired Judge Joseph Schenone will present the award at the 8 p.m. affair. Duarte is past president of Eagles Aerie No. 609, the Rotary Club and the Booster Club and holds memberships in the Livermore American Legion and Veterans of Foreign Wars.

He served in the Air Corps during World War II and was discharged as a First Lieutenant with an outstanding record.

He has two daughters — Kathleen Duarte Erickson and Donna Duarte Henry — and three grandchildren.

Previous recipients of the Eagle Award are: William Rees; Frank Nevis; E. J. Lawless; Dr. Paul Dolan; Judge J. M. Clark; Joseph Concannon, Sr.; Al Bonne; R. A. Hansen; R. Bernhardt; George F. Tubbs; Carl Clarke; Ann Wagoner; R. M. Callaghan; Joseph Schenone; M. R. Henry; John Michalis; Louis Gardella; Leo Callaghan; Frank Fiorio; James McGlinchey; Dr. Chester Bush; Elizabeth Roberts; Ralph Wattenberger; R. A. Centoni; Joe Callaghan; Roy Anderson; C. J. Fracisco and Philomena Medeiros.

## West Wind center sponsors movie night

PLEASANTON — The West Wind Youth Center will sponsor a Night at the Movies for local teens Friday, Oct. 10 at the Veterans Memorial Hall at 8 p.m.

"Cream," a full-length movie starring Eric Clapton, Jack Bruce and Ginger Baker, features an exciting look at the band's farewell performance at Albert Hall in London.

Three hilarious Betty Boop

cartoons are also on the bill. Doors open at 7:30 p.m. The show begins at 8 p.m., with admission set at 75 cents in advance or \$1 at the door. Refreshments will be served. For more information, call 846-3202, ext. 215.

## Your big chance to make ripples

You're tired of the annual September hassle over teachers' wages; the school bus cutbacks have you confused and mad; you're wondering why-n-hell somebody doesn't do something about those gravel trucks.

On Saturday morning, at the Pleasanton Library on Black Avenue near Santa Rita Road, you will have your big opportunity to talk to a man who just may be able to do something about your lament.

So much of what happens to us these days has its origin, or perhaps its answer, in Sacramento. The other day Assemblyman Floyd Mori cautioned a Livermore audience of businessmen

about "the tremendous flow of new bills," and the overwhelming "consumer concern" which today dominates that legislation. He suggests that more people get informed, and get involved.

You could begin this Saturday. When Mori conducts one of his Town Meetings. They're designed to "hear complaints and suggestions from the people." Or just "to talk things over." Either way, you have your big opportunity.

If you blow it, then don't be one of those who starts moaning again next September about "the terrible problem we have when it comes time to open the schools."

## Our two senators

Two recent releases from the offices of the United States Senators from California offer a sharp contrast in the quality of those two men.

Both Alan Cranston and John Tunney are Democrats, and both from the "liberal" side of that bench. But right there, the similarities stop.

In commenting on the (Republican) administration's recent efforts to bring peace to the troubled Middle East, Senator Cranston noted that "President Ford and Secretary of State Kissinger deserve considerable credit" for their efforts in bringing about that agreement. Senator Cranston reserves his right and his obligation, to review that pact as it might concern this nation, but he is not afraid to give credit where credit is due, even to a pair of Republicans.

Senator Tunney, on the other hand, is hard pressed to say anything positive, or constructive, about this nation's leadership. The problem is that Tunney has a blind spot when it comes to Republican accomplishments, no matter what.

That same Tunney hangup apparently prompted his recent release of "The Tunney Letter", of which the front page was dominated by this rhetorical item of the senator's authorship: "People Are Angry — Shouldn't They Be?"

## Museum alive and well

Editor, The Times:

I am writing to comment on an article which appeared on the front page of the Times of September 26, discussing the Amador-Livermore Valley Historical Society Museum located on the County Fairgrounds.

Our museum is always pleased to receive publicity, especially on the front page. The tone of the article, however, made the facility appear to be a completely deserted place with few visitors and little activity of any kind.

The article stated truthfully that the front door of the museum is locked during the day. It is only locked when the Fairgrounds are very quiet, and for security reasons so that the Curator will know who is in the building. Visitors receive a friendly welcome from the staff. The smallest percentage of visitors, during the non-Fair period is so-called "walk-in" off the Fairgrounds. However, last year 1300 people did visit the museum in this manner.

The Museum has eleven volunteer docents who give very generously of their time to the museum and the community. These docents

take Museum traveling exhibits out to the schools. In the 74-75 school year, 2205 children in our valley classrooms were seen. These docents also help with museum tours which last year welcomed 3300 people: school classes, Boy Scouts, Girl Scouts, Y.M.C.A., Campfire Girls, Bluebirds, pre-schoolers, and interested adult groups.

We would like the readers of the Times to know that the Amador-Livermore Valley Historical Society Museum welcomes all visitors. Each year we expand our programs and our non-Fair visitors increase in number. We are now considered an important enrichment resource for our local school districts, and we hope to continue to expand this and become more and more of a cultural resource for the total community.

The article stated that we were holding a Sunday open house on October 14. The date for that open house is October 12 from 1-4. Regular Museum hours are 1-4, Tuesday through Friday. Museum tours may be scheduled for all times by calling 462-2766.

Ann B. Lewis, Curator  
ALVHS Museum

## FOCUS/Collective bargaining

### Who is parents' rep?

Gov. Edmund Brown, Jr.'s signing of the collective bargaining bill 10 days ago has opened the door for what could become the biggest flurry of labor activity this state has ever seen.

Battle lines have long since been enjoined on the farm labor front where the Teamsters and United Farm Workers are waging a farm-by-farm struggle for the hearts and minds of hundreds of thousands of farm laborers.

The latest tally shows the Teamsters with a preponderance of those who have cast votes to date. But this is not to say that Cesar Chavez's campesinos will not rally 'round the eagle banner in the months to come and gain the upper hand statewide.

The UFW is certainly the more "visible" of the two groups. Two weeks ago while driving through Hayward we noted (it was hard NOT to notice) flag and sign-bearing supporters standing on all corners (at Five Corners, Jackson-Foothill-Mission).

Their message is clear and though this person, as one individual who abhors anything resembling intimidation, will go out of his way to buy non-union grapes and lettuce, the "seed" is planted via the signs and red and black eagle flags.

The flurry of labor activity should be no less apparent within the state school system. SB 160 (Sen. Albert Rodda) offers public school employees a choice between adopting an exclusive bargaining agent, or refusing to recognize any labor organization during negotiations with school district officials.

A special Educational Employment Relations Board will be established after Jan. 1. The bill sets April 1 as the opening date for bargain unit determination. All other provisions of the bill will become effective July 1.

And labor unions are already lining up for the spring membership race.

The prime organizations involved will include the California School Employees Association (CSEA), the California Teachers Association (CTA), the California Federation of Teachers (CFT), Service Employees International Union (SEIU) and the American Federation of State, County and Municipal Employees (AFSCME).

The CTA, which presently has better than

a 4 to 1 bulge over the federation, is confident of gaining majority support throughout the state.

"The California Teachers Association is going to lock up the State of California," predicts Ralph Flynn, acting executive director of the CTA, the state's largest teachers organization which is also a member of the National Educational Association (NEA).

The California Federation of Teachers, an AFL-CIO affiliate and by far the more virulent of the two, is expecting the support of organized labor to boost that organization's membership drive.

In fact, Jack Henning, executive secretary of the California Labor Federation, AFL-CIO, has already announced formation of an organizing drive among members of the CLF.

However, teachers make up only part of the state's 400,000 school employees. The remainder include clerical, maintenance, transportation and food service workers, and others on the schools' support staff.

CSEA, the largest classified school employee union in California and the nation, is expected to exert the overriding influence with that segment of the school work force.

Under provisions of Rodda's bill, separate bargaining units will be required for classroom teachers and support personnel as well as supervisory staff.

That division multiplies the number of determination elections to be held in the spring, just as the number of competing organizations grows.

We talk of this group and that group and who represents whom but there's one group in the school community that often is left in the cold...the parents.

Is there an association, such as the PTA, ready to audit these employee groups so that their zeal does not lead them away from what they are paid to do — teach students and take care of the schools?

I, for one, would become very concerned if the various school employee organizations turned the schools into a campaign convention hall.

And that is exactly what SB 160 could produce.

—by AL FISCHER

## Letters to the Times

### Fundamental program

Editor, The Times:

The Fundamental Program Staff, Mrs. Armstrong and I appreciated the very accurately reported article written by Mr. Fischer which appeared in the September 25th Times.

As an oversight on my part, however, I neglected to mention the names of the parent committee who initiated and worked so hard to develop our Fundamentalist program.

Mrs. Connie Storer, Mrs. Orley Philcox, Mrs. Mary Ann Kubic, Mrs. Betty Evans, Mr. and Mrs. Karl Bates, Our P.T.A. President Mrs. Mary Hobbs and 1st Vice-President Beverly Olesek also actively participated as parent-school representatives. Our fundamental program was, in reality, developed out of this committee's insistence, tenacity, ad cooperation.

Once again accolades to Mr. Fischer for his accurate reporting.

Tony Huff  
Principal, Walnut Grove School  
Pleasanton

### Livermore faculty

Copy of a letter to:  
Clerk of the Board of Education  
Livermore Valley Unified School District

On Friday, September 26 Livermore Education Association representatives polled the entire faculty of Livermore High School relative to holding a regular school day or having a work day on October 1 to work on Stull Bill objectives. Of the 105 ballots distributed, 81 were returned on that day; 4 teachers made no choice; 4 teachers voted to hold the work day and 73 teachers voted to hold regular classes and to postpone the work day until negotiations are completed and the calendar accepted by the teachers.

The teachers do object to writing Stull Bill objectives but if mandated by state law, an agreement with the district through CEC should be reached for writing these objectives. Teacher and district work days are still being negotiated at this time and it is our sin-

cere recommendation that this work day be postponed or eliminated as mutually agreed upon through CEC.

John DiBari, Eric Lyons,  
Jim Heiner, Marie Salemmie,  
(LEA Representatives at LHS)

### Vasco Road damage

Editor, The Times:

On July 23, the County of Contra Costa was tar and graveling the South Vasco Road. There weren't any signs, or flagmen to slow traffic down, or any detour around this road. They didn't even have the common sense to have one lane at a time. This fresh tar and gravel, a half-inch in diameter, was everywhere.

I was towing my boat back from Orwood Resort at 4:45 p.m. when the rocks thrown up by my car were terrible. I slowed to 15 mph and it was still bad. Then a vehicle coming the other way at a slower than normal speed threw rocks up and broke my windshield.

I saw a county employee and I stopped and asked what is the matter with the workmen? Why weren't there any signs or flagmen?

He said, "He didn't know what happened to the signs and that the County thought the gravel would set, but the heat made it do this." He also said, "A custom van had just gone through with the whole windshield broken out and that a custom boat was totally wrecked."

I got his card and phoned the County the next day. The man I reached said, "Yeah, he couldn't believe the fiasco they had out there." He also said, "The tar never set." So he sent me the insurance forms. I had estimates done and sent them in.

The George Hills Company, the county's insurance carrier, said "They wouldn't take care of it." I then phoned to get a letter in writing and Jeanna Baretta, their secretary, said she knew about Vasco Road. I asked if there were many others who had damage done, and she said, "Yes there were."

What I'm writing about is having you publish an article giving my name and number for those to contact who also had this problem so we can get together to take them to court.

John L. Evilsizor,  
820-2273  
Danville

## Round the town

Big event upcoming in our house. The family's Australian division is planning a visit. Complete with two grandchildren. One of which we have never seen.

If they don't get here soon, the youngest may be de-voured before we can lay eyes on her. She's being eaten alive. "By an overly affectionate older sister," the father advises.

The 16-months babe is affectionately nibbling away at the 3-months babe. The mother responded by biting the 16-months babe, father reports. They believe in a bite-for-a-bite, down under.

Given the poor price they get for their beef, can't understand why they would start eating each other. Wait until the Japanese start buying up Australian beef again. Prices soar. THEN you can resort to nibbling each other to supplement the diet. I plan to advise them accordingly.

They finally completed the fence, you'll be thrilled to learn. That's the one Jim and I started, one year ago. Used trees right off the ranch to build the basics... hard wood for posts, long almost-straight soft wood for the rails. Every piece weighed a ton. My aching back!

But we didn't have "the netting" to finish the job. We'd call it chicken wire. In keen demand in Queensland. Jim put in his order two years ago. Got delivery (FOB Miles, 40 miles away) just a few weeks back. So the fence is finished, finally.

It's designed to separate the babes from the animals. Horses, cows and dogs. All accustomed to sharing the yard with the humans. Horse used to walk right up the front steps, in Jim's bachelor days. Dogs would share the bed with him, providing the cats moved over. When Deirdree arrived on the scene, she put a stop to all that nonrease.

Now there are babes to rule the roost. Demand a fenced-in yard. So they can nibble on each other, in peace and quiet.

When they arrive in the U.S. of A., we can count on Deirdree bringing up her favorite subject... "Are you making plans to house and educate your granddaughters, during their formative years?"

Getting to classes in Queensland can be quite a problem, when the school bus stops 20 miles down the road, and school is an 80-mile round trip, daily. It gets somewhat worse beyond the 8th grade.

Deirdree and her sisters were educated at home, by a tireless mother of good humor, tremendous vitality. She somehow found time for teaching after feeding the stock, whilst milking the cows.

Beyond the sixth grade, Deirdree and sisters were shipped off to boarding school. Not that her parents could really afford it. Just that you have no other choice, when school is 40 miles or more away.

So we will talk about "sending Michaela and Tuny to finishing school in America." I doubt if the little mother really means it. She couldn't part with those girls. No more than the old folks could start in raising another brood, after being empty nested for all these months... weeks? ... whatever.

"If I were to send Tuny through local high school, I would be attending PTA pot lucks again, alternating with my low-cost meal at the Senior Citizen Center," I conclude, looking ahead.

"I can't see you going through all that again," she advises. "Would ruin your Saturday afternoons of golf and cribbage with the boys, for one thing."

And for another, I have lost touch with New Math, old French, and the square of the hypotenuse, which is always equal to something or other. But that was four children ago. Now I have a hard time adding up the cribbage hand fast enough to keep Carl Frudden from bel-lowing at me, in fractured German.

"Do you really think Deirdree is serious about sending the babes over here for grades six through twelve?" I ask, nervously.

"Why don't we wait a few years before we have to cross that bridge," she says, unconvincedly.

Maybe I'll start a campaign, circulate a petition, in the hamlets of Jackson and Miles, in the land of the wallaby and the wombat, where the dingy and the great grey kangaroo roam. "MAKE THE SCHOOL BUS STOP AT OUR CORNER!" we will demand. If I can find where the school board meets, if indeed there is one of such, we shall carry the protest to them, too.

Give the folks down under a taste of Americana "The Great Queensland Busing Hassle of 1979." That will be the critical year. When Michaela is due to start her formal education. Baby sister starts one year later. Provided older sister hasn't eaten her up by then. A helluva way to solve the school bus problem. But effective, you can bet.

—by john edmonds

## Sound and Fury

Walt Hecox

Everything is relative on this tired old globe, even an ordinary family life.

Crown Prince Akihito is a fine example.

His Imperial Highness and his wife, Crown Princess Michiko, have three children, Naruhito, Fumihito and Sayako.

"All three children are being brought up by the Crown Prince in an ordinary family atmosphere at the Togu Palace," I am told by no less authority than Mr. Jutaro Sakamoto, director of the press division of the Japanese Ministry of Foreign Affairs.

This old man was brought up in an ordinary family atmosphere in a six gabled ranch house four miles outside Grass Valley, California.

Believe me it was one hell of a long way short of a palace, though more so than the little bungalow on Cupertino's Blaney Avenue where the rest of the rearing took place.

I was ten years old before I realized a razor stropped was used for anything other than lusty application to my Post Toasties.

As I say, all things are relative.

What brings this all to mind is a recent reminder from the honorable Mr. Sakamoto that His Majesty, Emperor Hirohito of Japan is finally going to make it to the United States this October.

He is a little late. I have an idea the good emperor had a trip to San Francisco in mind somewhat earlier. Sometime in 1942 to put the record straight.

His journey was delayed by an American military man in command of the United States armed forces at Wake Island late in 1941.

The Imperial Japanese Navy had him in a bad way and, assuming that discretion is the better part of valor, the admiral in charge asked that the Americans surrender.

The Marine colonel in charge, a man of few words answered, "Nuts."

With only 400 men and damned few supplies there was no chance he could hold the island, but he did manage to delay the invaders long enough for the Americans to score a resounding naval victory in the vicinity.

Among the folks who were delayed by subsequent events was the Emperor of Japan, who was not able to make his journey for more than 30 years.

He was born 74 years ago in Tokyo, educated in the

Peers' School, became Prince Regent at the tender age of 23 in 1924 and ascended to the Emperor's seat following the death of his father, Taisho in 1926.

Despite a Samurai power structure, Japan was still reigned by the shoguns, or feudal lords, and Hirohito was pretty much of an absolute monarch, or could have been if he so desired.

The truth of the matter is, Hirohito was probably mis-cast in life.

Give him his druthers and he would probably have become a full time marine biologist.

Some 11 publications centering on his studies in that field have already been published and edited and he has written four himself on the hydrozoans, a fairly primitive form of sea life.

With the end of World War II Hirohito, virtually a god until then, was reduced in power if not in rank.

He became a symbol of the state and of the unity of the people. His position is derived from the will of the people, who have sovereign power.

Emperor Hirohito has no powers related to government, performing acts in matters of state with the approval of the cabinet as provided for in the constitution. A photograph provided by Mr. Sakamoto shows the emperor, in full color, performing one of his acts in matters of state.

He is pictured using a rubber stamp.

A far comedown from the status of an absolute monarch, but I imagine the emperor was relieved to assume his present status.

He had stepped out of his kimono and into European dress in 1921 when, as crown prince, he had traveled abroad.

Today he still wears European dress, a little overlong, it would seem.

With the resources of a rich nation at his feet, the emperor is a fairly dowdy fellow.

Matter of fact, the emperor is so frugal he might be taken for inclined to save a cleaning bill by the purchase of a new pair of trousers.

Hirohito is said to wear a suit long after it has faded and insists that it be mended and patched rather than replaced.

On at least one occasion he replaced a faded and torn suit only when he was told his sad rags were a source of embarrassment to his attendants.

Asked by a member of his staff to replace an overcoat with a tattered collar he wore from the Fukiage Palace, his residence, to the Imperial Palace, a short distance away, he refused.

"It would be different if I were going somewhere outside, but since I wear this overcoat only inside the Palace grounds, it needs just to be patched."

That attitude if wide spread may explain why Japan has recovered so completely from the clobbering it took during the closing months of World War II. And perhaps why I am currently driving a Japanese automobile.

But however humble, I still have a tough time swallowing that "ordinary family life" in the Togu palace.

## astrograph

by Bernice Bede Orl

For Friday, Oct. 3, 1975

**ARIES (March 21-April 19)**  
Observe all safety procedures while working today. Don't use the wrong tools just because they're handy.

**TAURUS (April 20-May 20)**  
The pursuit of a good time could carry a rather expensive price tag today. Have fun, but don't bust the piggybank.

**GEMINI (May 21-June 20)**  
Try not to agitate loved ones today by being too demanding. A few kind words will do more than many harsh commands.

**CANCER (June 21-July 22)**  
Large problems you can handle in stride today, but your temper could easily be ignited by trivial annoyances. Keep things in perspective.

**LEO (July 23-Aug. 22)**  
Treat possessions with a light, loving hand today, or something you're very fond of could get broken in a moment of anger.

**VIRGO (Aug. 23-Sept. 22)**  
Avoid individuals today who are bossy. You won't be in the mood to be told how to run your life.

**LIBRA (Sept. 23-Oct. 23)**  
Nothing will be solved by brooding about a wrong you feel was done to you. Bring it out in the open to clear the air.

**SCORPIO (Oct. 24-Nov. 22)**  
Don't try to overpower others or dominate the scene today among friends. Small waves will build up to a tidal force.

**SAGITTARIUS (Nov. 23-Dec. 21)**  
Be careful today you don't do something foolish just to spite someone. If you do, the loser will be you.

**CAPRICORN (Dec. 22-Jan. 19)**  
You have a tendency today to make things harder for yourself than they really are. Get off your own back.

**AQUARIUS (Jan. 20-Feb. 19)**  
Think twice before making request today. Someone temperamental whose aid you'll seek will unreasonably assume he's being used.

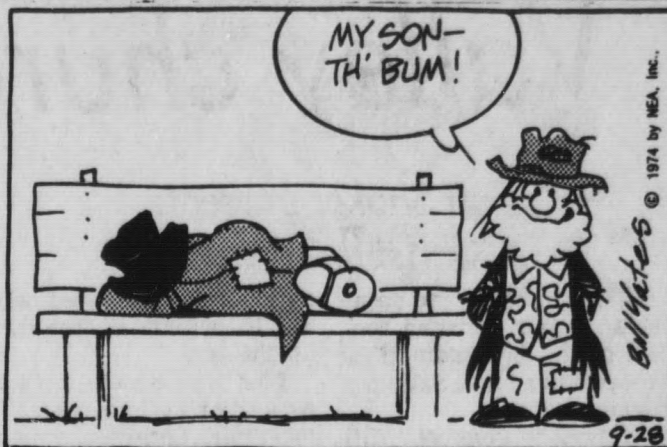

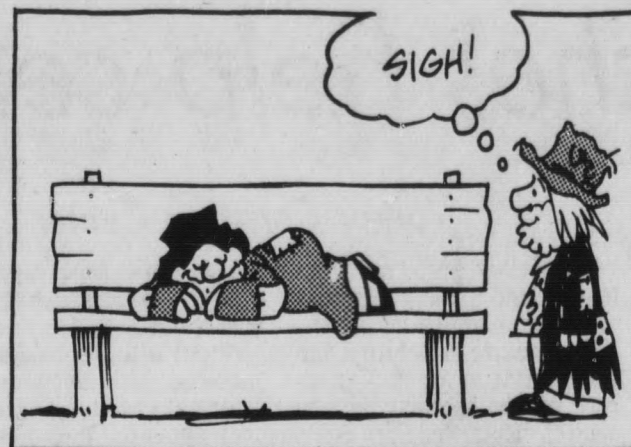

**PISCES (Feb. 20-March 20)**  
A rather volatile domestic issue may erupt today between you and your mate. Do all you can to cool the discussion.

## Your Birthday

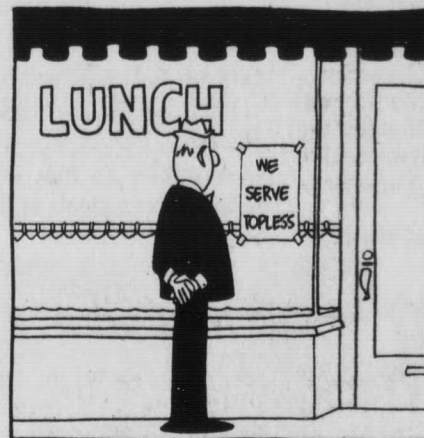

Oct. 3, 1975

This coming year is not the time to give up on projects that have been slow to yield the type of results you've hoped for. Keep plugging. The end is now in sight.

# Valley churches help celebrate World Communion

## Salt Shaker presents 'Christ in Concert'

The Salt Shaker will sponsor an 8-hour Christian concert at the Livermore High School football field Saturday beginning at noon. "Christ in Concert" will feature outstanding Christian

musicians of all styles who will be performing free during the day. The Salt Shaker is a non-denominational, non-profit Christian drop-in center in Pleasanton.

## John Knox United Presbyterian Church

John Knox United Presbyterian will be celebrating World Communion Sunday at 9 and 10:30 a.m. Bread will be broken and the Cup will be shared in the Lord's Supper. The 30-voice Chancel Choir

will bring special music to both services, singing "The Prayer of St. Francis". Nursery and Preschool Class will meet at 9 a.m. with Sunday Church School Classes at 9:30.

## Lutheran Church of the Resurrection

The Lutheran Church of the Resurrection will hold 8:30 and 11 a.m. services on World Communion Sunday.

Pastor David Aubrey will use Matthew 21:33-43 for the text.

## Lynnewood United Methodist

The congregation at Lynnewood United Methodist Church will celebrate the Sacrament of the Lord's Supper this Sunday at 10:40 a.m.

This will be in observance of World Communion Sunday.

## Valley Community

The Valley Community Church will meet in the multipurpose room of Amador High School at 10 a.m. Sunday. Junior Church will start at 10:30 with Bible Classes set for 11.

## St. Augustine's

St. Augustine's Catholic Church in Pleasanton will hold masses at 7:30, 9, 10:30 a.m. and noon on Sunday and at 5 p.m. Saturday afternoon.

## Valley Christian Center

The Valley Christian Center will hold worship services at 9:30 and 10:50 a.m. in the Little Theatre at Dublin High School. Pastor Ward Tanneberg will be speaking on the subject "Enter the Holy Spirit".

There will be a sign language interpretation of the 9:30 service.

There will also be a 6 p.m. meeting with lively music, informal sharing, a talkback message and Holy Communion.

## Baha'is congregate

The Baha'is of Livermore, Pleasanton and Dublin will host Baha'is from all over the Bay Area at commemorative services at 11 a.m. Sunday in Pleasanton.

The day is the 63rd anniversary of Abbas Effendi's conversion of Phoebe Apperson Hearst to Baha'i. The service at Franklin Savings will be followed by a picnic at Bonita Park.

## Asbury United Methodist

Asbury United Methodist Church will join in World Communion this Sunday at 9:30 and 11 a.m. services. Clergy serving the Sacrament will be the Reverends

Henry Page White, James Culpepper, Milton Sluder-Jordan and Norman Callaway.

World Communion was first observed in 1940.

## Speaker at the Church of Nazarene

The Rev. Paul Marshall and his wife, missionaries to

## St. Clare's Episcopal

Services of Holy Communion from the Book of Common Prayer will be celebrated on Sunday at 8 and 10 a.m. at St. Clare's Episcopal Church in Pleasanton.

Rev. William Smith will give the sermon at the later service.

## First Presbyterian

"So What's Real?" will be the sermon given by Rev. William Nebo at the First Presbyterian Church of Livermore at 10:30 a.m. Sunday.

World Communion will also be held. Sunday School begins at 9:30.

## St. Philip Lutheran

Sunday worship services at St. Philip Lutheran Church will be at 8:30 and 11 a.m., with Holy Communion being celebrated at 8:30.

Pastor Koberg will preach on "A Problem with the Vineyard" Isaiah 5:1-7; Matthew 21:33-43.

Sunday school begins at 9:45.

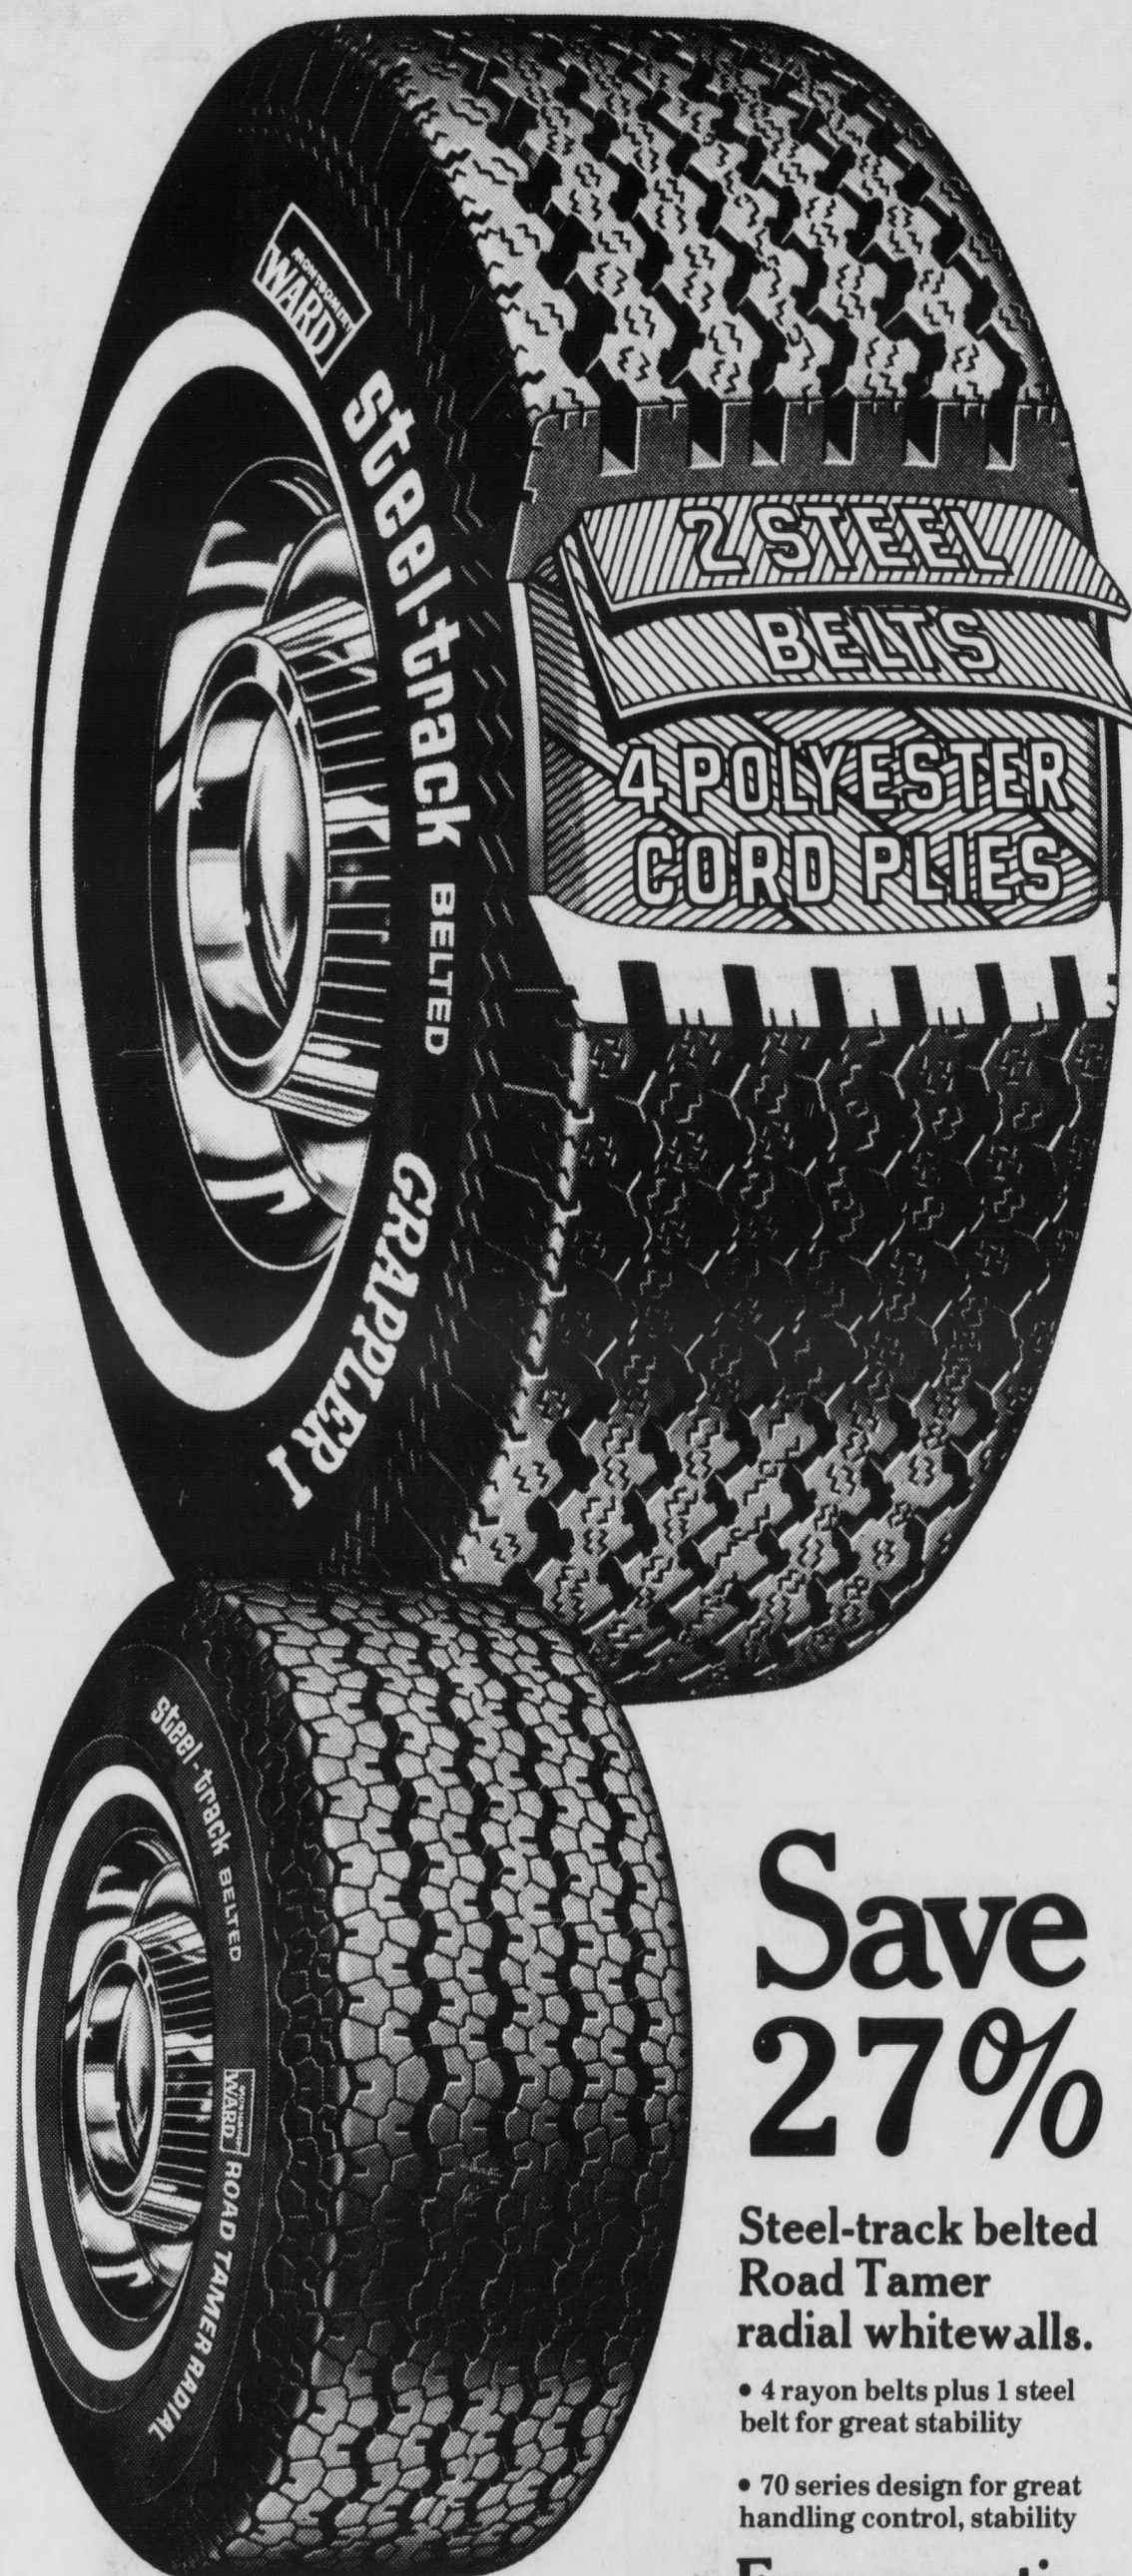

## Seventh-Day Adventist

Quarterly communion will highlight this Sabbath's 11 a.m. at the Livermore Seventh Day Adventist Church. The adult lesson for the week is "The Times of Jeremiah".

MIKE ZAMPA, editor

## Polomoni's 'D' league champs

Karl Fisher pitched Polomoni's to the Livermore Slow Pitch Softball D League title this week with a 7-1 playoff final victory over Knights of Columbus.

Meanwhile, Tri-Valley Heating advanced to this evening's finals in the C League with a 5-4 victory over Buran's Construction. Tri-Valley plays Paul Marsh Shell tonight in the championship series.

Fisher wrapped up the D title with a seven-hit job against the Knights. He retired the first seven Knight batters in the game before yielding a base hit. The Knights couldn't break through for their run until the sixth inning when Larry Royce tripled and Bob Berlo singled. The losers went on to load the bases in the sixth, and at that point they trailed just 2-1. Fisher escaped further damage, however, then helped spark a five-run Polomoni's outburst in the bottom of the sixth. His two-run single was the key blow. Ken Clark, John Rapp and Bob Logan all drove in runs with base hits.

Polomoni's scored in the first on singles by John Cook and Skip Jackson, and an error.

Cook and Jackson lashed back-to-back doubles in the

third inning to produce the second run.

Tri-Valley rallied for two runs in the sixth inning of its game to eliminate Buran's in the C League. Cliff Ferrera, the winning pitcher, lashed a double to drive in Bruce Banks and Tony Flores with the winning runs. Ferrera pitched a nine-hitter.

The losers scored a pair in the first inning on doubles by Al Mondragon and Robin Green, and a Dennis Higgins' single.

Tri-Valley tied it in the last of the first when Joe Benjamin doubled home a run, and Flores fetched another with a sacrifice fly.

Buran's scored single runs in the third and fourth innings, on a Green single, and a Dave Green double.

Benjamin singled home Terry Crane for Tri-Valley's third run in the third inning.

If they ever whip Affirmative Action on high school football, the scramble to sign up sophomore quarterbacks will be frightening. They are the game's most oppressed minority.

Disenchanted youth may not trust anyone over 30, but football coaches simply abhor passers under 17.

Granada High's Don Couch fits the mould. In his entire coaching career, a second year player has never started at quarterback for a Couch team.

Until tomorrow.

Then sophomore Steve Robison will be given the keys to Granada's veer offense in a non-conference game with first-year California High.

That's not a poor reflection on the Grizzlies, Couch says. They should be as tough as he expected when the schedule was drawn up.

It's just that Robison has

earned the chance after playing well in backup roles through Granada's first three games.

So he'll take over for regular starter John Walden when the teams collide at 1:30 in Livermore.

"Robison is a real solid kid, and he's a good athlete," Couch said yesterday. "He's really been looking good for us. He reads the offense well, and he throws well. He and Johnny are just about equal, actually, and we count on both of them doing a good job."

Robison engineered Granada's first touchdown in a victory over Newark two weeks ago. In the Matadors' other games, a loss to Arroyo and a win over Ceres, the sophomore has also relieved well.

Walden has not played poorly, Couch says, he simply has not been reading the defensive keys, crucial to the

success of the veer.

The switch to Robison is not a permanent move, Couch insisted. In fact, Walden will see action against California. "It's just a matter of concentration," Couch said. "He's got to think more in the games. He does it well in practices."

Granada is searching for its third consecutive victory tomorrow, and California, for its second.

"We are going to have to play our very best to win, so that means we have to go with the best," Couch says. "We've seen them play three times, and they've improved their offense with each game."

The Grizzlies are 1-2 in their first varsity season, and probably facing their stiffest competition of the year.

They are paced by option quarterback Tom Woodman-see.

Thd Granada defense will take on a slightly different look for this game, with leading rusher Steve Jaeger doubling up at free safety. He'll replace Robison there.

Junior Larry Burke has been given the start at guard on offense, and Rick Bosch, another junior, will move in at tight end.

The Granada offense has been improving week to week, but Couch's concern tomorrow is mistakes. The Matadors lost pass completions of 45 and 30 yards last week because of penalties,

and had a good punt return erased for the same reason.

If Jaeger is feeling well (he's suffered with an ankle sprain) the Matadors should move.

Still, Couch isn't expecting a romp "I've always thought this would be a good game, because our junior varsity had a helluva time beating them 8-6 last year. And they've got all those kids back. They're a pretty solid team, and I think we've convinced our kids of that. We've had good practices all week."

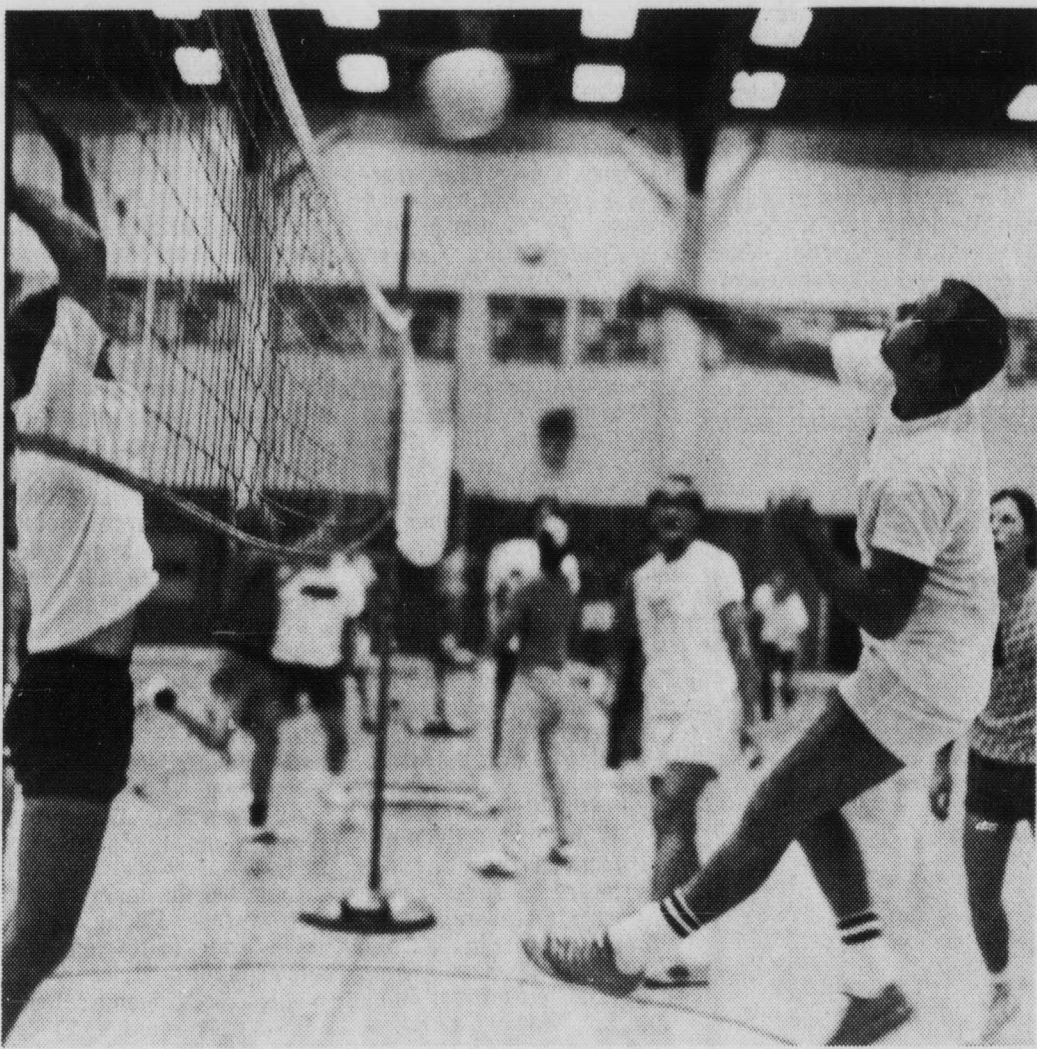

In other action tonight,

Amador Valley is at home seeking its second win over the year in a game with Lynbrook of Sunnyvale.

The Dons should be healthy, though linemen Mike Bruns suffered a knee injury last week, and Bob Koopman missed the game with a muscle bruise in his arm.

Dublin seeks to reverse a two-game losing streak with a home game against Bishop O'Dowd.

Favored San Ramon faces San Jose in Danville, and Foothill is at Hilmar.

RICH WATSON POWERS A RETURN IN PLEASANTON VOLLEYBALL  
His team, Pleasanton Valley Swim Club, lost 2-1.

## GGC grid schedule sets up anti-climax

Someone dreadfully insensitive to the dramatic impact of schedule making has pitted Chabot College and San Jose City College in a Golden Gate Conference football game tomorrow night in Hayward.

Kickoff is 7:30.

There's a 90 per cent chance that one of these teams will win the conference championship sometime near Thanksgiving. So why stage the super show down a month before Halloween?

Why not save it until the last precious moment, and hold it at Carnegie Hall? Or maybe on camera at Howard Cosell's Saturday night show.

San Jose is fourth rated in the state, Chabot, ninth. Both teams are 3-0, and up near the top in all conference statis-

tics.

If you're worried about box office appeal, you don't play them before the folks have put away the summer-vacation luggage. If all you want is the win, however, well bring them on, then.

"We can't wait until Saturday," Chabot coach Terry Cagaanan says. "We're really looking forward to this. This is what it's all about, playing the big games. Our kids were talking about this while they were dressing last week after the Diablo Valley game."

Chabot is off to its best start in the last three years. Cagaanan is hoping the momentum will sweep the Gladiators right past the defending GGC champions.

It won't be easy. San Jose has already crushed Gavilan College, 53-10, and Shasta, 35-7. It defeated City College of San Francisco last weekend, 20-7.

As always, the Jaguars have called down to the warehouse and shipped up an outstanding running back. He is Ron Rowland, who has gained 347 yards in the three games, and rushed for a six-yard average per carry.

The Jaguars lead the GGC in offense with a 387.6 yard per game average. Almost 800 yards has come on the ground, with quarterback Ray Garcia picking up 113 in 31 carries. He ranks 10th in the conference.

The Jaguars will go up against the GGC's second best defense, headed by de-

fensive tackle David Shaw, Northern California's player of the week off his performance in a 34-14 whipping of Diablo Valley College.

Chabot's offense is ranked third in the league, but it goes into Saturday's game with a new trigger. Freshman Steve Grant has replaced Don Moore at quarterback.

Moore, the sophomore, broke his collarbone, and is lost for the season.

Grant has played in all of Chabot's three victories, and in fact, directed the team for all but one series last week. He ranks fifth in the conference in total offense.

Though he is a rookie facing his toughest challenge, Cagaanan says there's no lack of confidence at Chabot. "Our players have proved they can do it with their 3-0 record to this point. That is a tribute to the people who have been playing. In each of our victories, we've had good team performances, from the offense, defense and hatchet (special) teams. There's no reason for it to change."

In his appearances this season Grant is 10-for-23 as a passer, for 202 yards and a touchdown. He's been intercepted once.

The Dublin High School graduate will have excellent receivers to aim for, including Tom Ferguson, third best in the conference with 13 catches. Al Munday has seven.

Backing up Grant is another freshman, Chuck Stephenson of Marina High.

## SR netters blank Cal

The San Ramon Wolves shut out California High, 7-0, yesterday afternoon in an EBAL tennis match.

The Wolves built up an 84-19 total games edge during the match. Rick Reed and Steve Holmes were the most impressive winners for the Wolves. Lisa Bee was also very effective.

Livermore beat Monte Vista, 4-3, as only Steve Freeman could win for MV in singles. Both Mustang doubles teams

triumphed.

Granada, meanwhile, pounded Dublin, 6-1.

Only the Gaels number one singles player, Doug Canfield, came out a winner. After battling back to take the second set of his 3-6, 7-5, 6-4 triumph, Canfield, who recently rejoined the squad after an enforced lay-off said, "tennis sure is fun." Both doubles matches went three sets, showing that the match was a bit closer than the team score indicated.

San Ramon 7, California 0

**A CHALLENGING SPORT**  
CINCINNATI (AP) — Pete Rose of the Cincinnati Reds says baseball presents the greatest number of challenges of any sport and calls the game the most individual team sport.

Singles — Larson, SR, d. Dougherty, 6-3, 6-3; Reed, SR, d. Walters, 6-0, 6-0; Bee, SR, d. Lyons, 6-2, 6-0; Holmes, SR, d. Steward, 6-1, 6-0; Larson, SR, d. E. Skeen, 6-3, 6-2.

Doubles — Henze and Hogeboom, SR, d. Shuller and Morhan, 6-0, 6-2; McKee and Williams, SR, d. Peck and J. Skeen, 6-2, 6-1.

## Norm's wins in volleyball

Norm's Barber Shop survived a first-game beating to throttle Pleasanton Valley Swim Club twice, 21-19, and 21-14, in Pleasanton Men's Volleyball Wednesday.

The Swimmers captured the opening contest, 21-13.

Vince Perez, Steve Wisner and Pat Brick sparked the Barber Shop comeback with solid spiking. Dan Souza provided them with good set ups, as did George Oxsen.

Tim Ross and Russ Watson sparked the Swimmers with hard spiking, and Lanny Peterson assisted them well.

Mac's Pac bopped Rexall Drugs twice, 21-12, and 21-17, but suffered a lopsided, 21-7 defeat in the final contest.

Brian McGuire spear headed the Pac's play, while Rick Perry revitalized Rexall. Tony Maluccio played well also.

### STEAM CLEAN YOUR CARPETS

New portable

**RINSE N VAC**

# 'Pokes top SR, Gaels set marks

Livermore High remained undefeated, beating San Ramon 20-38, and three records were set during Dublin's sweep of California yesterday afternoon in EBAL cross-country.

Boyd Tarin set the pace for Livermore's varsity, winning a three mile race in 16:32, a full 17 seconds ahead of the first Wolf finisher, Tim Galvin, who ran a 16:49.

In the two-mile frosh-soph race, San Ramon's Paul New-

comb nipped teammate Nelson Snook by one second, running a 11:52. Eric Strahl (12:02) was the first Cowboy finisher.

Ken Fordyce of Livermore nipped his teammate Dave Lloyd by two seconds as he took 12:29 to cover the course. The San Ramon girls team, though incomplete, managed to capture the first two places.

Lori Thompson took the 1 1/2 mile race in 9:27 followed 12

seconds later by Jane Petrie. Norma Lopez topped the Pokes with a 9:46 clocking.

Meanwhile, Dublin's Doug Harvey made a shambles of the old 2.5 mile record at California, bettering it by 58 seconds. Harvey ran a 14:12 to beat his nearest competitor by nearly two minutes.

Robin Moss of the Gaels kept a similarly torrid pace and shattered the old frosh-soph mark by 57 seconds. He ran a 12:38 as three

other runners also dipped under the existing standard.

Cal's Lisa Plaisted got into the books in spectacular fashion as she finished the girls race a whopping 1:15 quicker than the old record. Dublin's Allen also finished better than the old mark.

## A's, Red Sox square off Saturday

BOSTON, Mass. — The Oakland A's have experience and ace reliever Rollie Fingers on their side as they move toward a possible fourth straight World Series title Saturday when they meet the ambitious Boston Red Sox in the opening game of the American League playoffs.

"We're going to have to jump out and get them early," Boston scout Frank Mal-

zone said. "Their pitching is keyed to seven innings because they know they've got that guy in the bullpen."

On the basis of 1975 regular season figures, the A's and Red Sox rate pretty even. Oakland had a 98-64 record in winning the West title. Boston had a 95-65 mark in capturing the East flag.

However, the A's have to be given the edge because of

their post-season experience. Despite a great deal of internal strife, they have rallied together on the field and show no sign of folding.

The only newcomer in the starting lineup will be second baseman Phil Garner, who took over with the retirement of Dick Green after the World Series last fall. Garner hit .246 this year and, despite some flashy fielding, commit-

ted 26 errors.

There's no question that Oakland has the hitters. Reggie Jackson, Gene Tenace, Joe Rudi, Campy Campaneris, Sal Bando, Bill North and Claudell Washington provide a walloping attack. Campaneris, North and Washington provide speed on the basepaths.

The only chink in the A's appears to be in starting pitching. Ken Holtzman, 18-14, and Vida Blue, 22-11, are the only big winners, and both are southpaws. Holtzman is scheduled to open the series in Boston Saturday, and Blue slated to go Sunday.

Stan Bahnsen, 10-13, and Dick Bosman, 11-6, figure as Oakland's other starters. They both throw right-handed.

However, what the A's lack in starting pitchers they more than compensate for with a fabulous bullpen. Fingers is the big man. In 75 relief appearances this year, he had a 10-6 record, 24 saves and a 2.98 earned run average.

Behind Fingers in the relief corps are right-hander Jim Todd and left-hander Paul Lindblad. Todd had an 8-3 record, 12 saves and a 2.29 ERA in 58 appearances during the

regular season. Lindblad was 9-1 with seven saves and a 2.72 ERA in 68 appearances.

However, facts and figures don't phase the Red Sox. They were picked to finish third, behind Baltimore and New York, this year, but surprised everyone by leading the division from June 29 to the finish.

The Red Sox show no fear of the A's. They split 6-6 during the regular season with the A's, losing three games by one run and two by two.

"We were in just about every game with them," said Boston Manager Darrell Johnson. "Our guys know what they're up against, but they're confident, the same as they've been all year."

The Red Sox, bidding for their first pennant since 1917, combined old reliables, rookie sensations Fred Lynn and Jim Rice, and comebacks in winning the East crown. The team had a lousy .275 batting average and a 3.98 ERA in pitching.

Lynn led the team with a .331 average. He hit 21 homers, drove in 105 runs and scored 103.

Rice complemented Lynn with a .301 average, 22 homers, 102 RBI and 82 runs scored. But he suffered a bro-

ken hand when hit by a pitch Sept. 21 and is lost for the year.

In an effort to compensate for the loss of Rice, the Red Sox will move veteran slugger Carl Yastrzemski, 269 after a late slump caused by shoulder trouble, to left and put Cecil Cooper at first base. Cooper hit .311 with 14 homers, mainly as the designated hitter, this year.

Juan Beniquez, .291, will be the designated hitter against Oakland's southpaws.

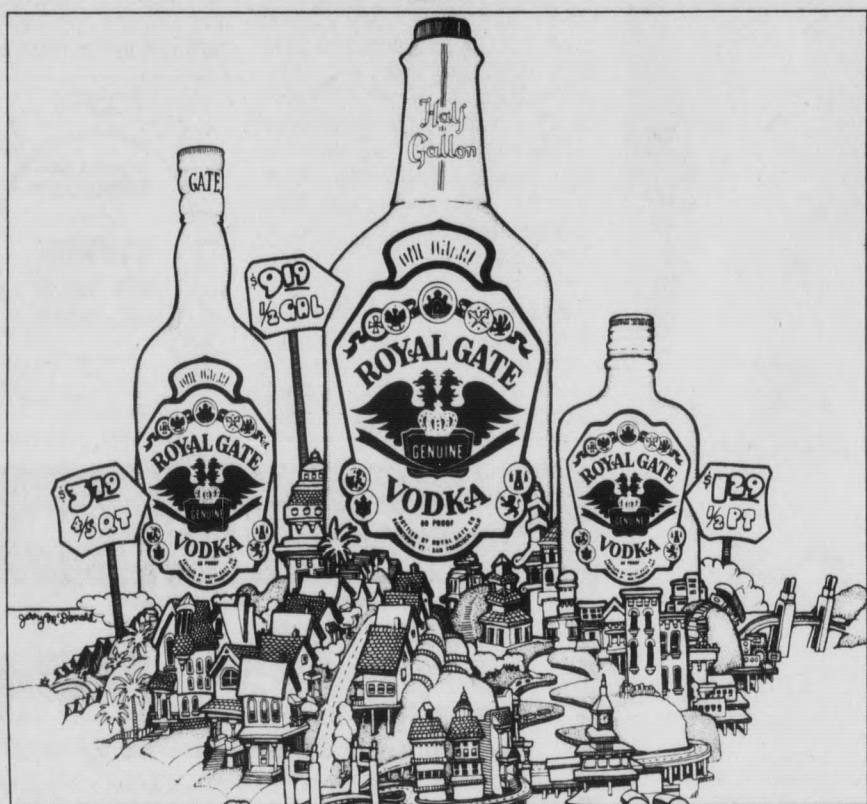

Catcher Carlton Fisk is healthy again after a serious knee injury and a broken wrist. Fisk came back strong in late June, hitting .331 with 10 homers and 52 RBI. His powerful throwing arm also is being counted upon to keep the A's honest on the basepaths.

Other hitting threats on the Red Sox include veteran third baseman Rico Petrocelli, rightfielder Dwight Evans and second baseman Denny Doyle. Rick Burleson, a slick-fielding shortstop, also is a threat in the clutch.

Luis Tiant, 18-14, will be the opening game pitcher.

—Associated Press

## Three reasons why the rich get richer.

The rich have it so much easier than us. They can be happy driving Toyotas and Pintos. While we need the status of Buicks and Porsches. They're perfectly relaxed in old tennis shoes and baggy sweaters. While we feel uncomfortable in anything less than double-knit slacks and expensive loafers. Worst of all, they mix up delicious bloody marys, superb screwdrivers, and impeccable martinis with Royal Gate Vodka. While we would feel like social paupers if we didn't pay at least five bucks a bottle for some vodka with a "Russian" name. It's really not fair. The rich see no shame in saving money.

## CF winner

Cheese Factory swept O'Callaghan's Tuesday night in Pleasanton Women's Volleyball, posting scores of 21-8, 21-16 and 21-6.

Lois Kribel and Judy Bricker sparked the Cheese offense with a strong service game. Gerry Golish's defense helped shut down the losers.

For O'Callaghan, Michele Wilson, Carol Myers and Sheri Kunz played well.

Allied Brokers blitzed Harris Realty three times, behind the spiking of Sue Day. Sandy Monague and Phyllis Dagel led the defense.

The Tail Winds clipped Swenson's three times, 21-13, 21-29 and 22-20. Linda Souza, Wecky McCann and Darlene Sweet were responsible for the scoring. Swenson's Pat Hagberg, Sandy Levi and Marilyn Mitchell played well.

## Gael market

The Dublin High School Boosters Club will hold a fund-raising flea market Saturday, Oct. 11, 10 a.m. to 4 p.m., at the Dublin football field.

Admission will be 15 cents per person.

Sale space can be rented for \$4 per booth. For information, call 828-2673, or 828-2238.

## Trainer wrapped up in his work

REDWOOD CITY, CALIF. — (NEA) — When Chuck Krpata finishes wrapping and taping the brawny bodies of the San Francisco 49ers months from now, the amount of elastic and adhesive used would stretch all the way from their home city to rugged Big Sur on the California coast — a distance of 125 miles.

Just for one game, Chuck will use a full mile of 1.5-inch tape — 5,280 feet, 1,760 yards. But that's only a small part of what it takes to minister to half a hundred athletes in the flower of their youth and strength.

The training room of a football team is a mechanical maze marked off by endless spools of tape.

Chuck, like every other trainer in major league football, baseball and basketball, is more than just an applicator of bandages. "We have a closer, more meaningful relationship with the players," he maintains, "than even the coaches."

That's because sometimes he sees them even more. But that relationship, thanks to modern technology, isn't just a soothing squeeze of the muscles, a friendly swat on the butt and a word of encouragement. Chuck can push buttons to reach deep aches and measure muscular responses. And he can embellish his personal psychology with the knowledge gained from intense schooling which included a masters degree in physical therapy (the University of Southern California).

None of it (including the schooling) comes cheap. In one training room, the 49ers have rigged up a couple of chairlike contraptions wired to machines. They were not transposed from Sing Sing. They are a cybex (price tag: \$6,500) and two orthotrons (\$1,200 each), and their function is to measure, by electronic print-outs on the cybex which resemble an EKG, muscular strengths and defects revealed by isokinetic exercises with the orthotrons.

"How far along is he?" Coach Dick Nolan will ask Krpata (his name sounds like one of his machines). And Chuck will tell him the defensive back with the hamstring pull is 80 per cent back to normal.

"The cybex has taken the guesswork out of it," says Chuck.

Tests revealed that Norm Snead, the veteran quarterback who came to the club last year, had a strength deficit in his right knee. They gave him an orthotron to take home for the

winter for exercises, and now Snead says his hinge has never been stronger. So does the cybex.

Also among Chuck's paraphernalia are a combination ultra sound and electric stimulation machine (\$750) to apply deep heat to contusions, sprains and strains; a hydrocollator tank for hot towels; three whirlpool baths for strategic immersion; an iontophoresis machine which induces medication through the skin instead of having to inject the patient — trainers are not allowed to inject, and doctors aren't always around; and an ice machine — "one of the most valuable of all," notes Chuck, since it produces 600 pounds of ice every 24 hours, and the 49ers use it all, plus 200 pounds daily which they buy in town.

In one corner stands a mysterious looking, aluminum-plated chest. It is Chuck's specially designed travel kit to take with him to all games, a virtual mobile infirmary. In it are such diverse items as telfa pads, prewrap gauze, adhesive tape (half-inch, 1-inch, 1.5-inch), elastic tape (1-2-3-inch), tape cutters, tape remover, plastic casting material, three different sizes of Band Aids, elastic expandable Band Aids, vaseline, foot powders, elastic bandages for wrapping injuries, cast cutters and hypo allergenic tape.

An auxiliary trunk also contains knee braces, cervical collars, wrist splints, shoulder immobilizers, arm slings, two pairs of crutches, metal cutters (for face masks) and an emergency stretcher.

Chuck doesn't want to be caught short in any emergency. But all the devices and all the gadgetry bow inevitably to the human factor in a crisis. A few weeks ago a rookie fullback, Wayne Bullock of Notre Dame, crumpled in a scrimmage on a nearby practice field.

Chuck, thirtyish and fit enough to be a player himself, rushed out and immediately determined the player had fractured the tibia of his right leg. He cut off the shoe and sock and, by examination and palpitations, figured out the fibia was also fractured. In one minute, he had an air splint on the limb. In four minutes, a rescue crew from a nearby hospital had arrived. In 20 minutes, Bullock was in the operation room.

There's hope he'll come back to play next season. By which time, Chuck will have paid the tape bill for this season. It comes to \$12,000.

## NFL owners' day in court

WASHINGTON, D.C. — The National Football League owners told Congress yesterday that if the players association wins its suit against the controversial "Rozelle Rule," all players' salaries will have to be negotiated at the bargaining table by the union.

Theodore Kheel, labor counsel for the NFL management counsel, the owners' bargaining agent, noted before the House labor-management relations subcommittee that the union has not wanted to bargain individual salaries.

"The union can't have it both ways," Kheel said. "If the union wins, then every player will become a Catfish Hunter."

Hunter played out his option with baseball's Oakland A's and signed with the New York Yankees for \$3.75 million after receiving lucrative offers from 22 of the 24 major league baseball teams.

Kheel depicted the 26 NFL clubs as grossing about \$6 million, which he said was "about the size of a supermarket."

The council appeared before the committee, chaired by Rep. Frank Thompson Jr., D-N.J., after the players union testified Monday that legislation was needed to expedite cases before the National Labor Relations Board.

Kheel, accompanied by owners Wellington Mara of the New York Giants and Art Modell of the Cleveland Browns, told the Thompson subcommittee that professional football should not be treated any differently than any other industry.

"We have come to the conclusion that the only way collective bargaining can work for this union is that they assume the same status of other unions," he said. "Garvey has retreated from the bargaining table."

## LEGAL NOTICE

CITY COUNCIL OF CITY OF PLEASANTON ALAMEDA COUNTY CALIFORNIA

ORDINANCE NO. 770  
AN ORDINANCE EXTENDING ORDINANCE NO. 761 WHICH PLACED APPROXIMATELY A FIVE-ACRE PARCEL OF PROPERTY LOCATED IMMEDIATELY EAST OF HOPKINS ROAD AND NORTH OF VALLEY AVENUE INTO AN INTERIM "S" (STUDY) DISTRICT AS SHOWN ON ZONING UNIT MAP NO. 146.

WHEREAS, Ordinance No. 761 (An Ordinance Placing Approximately a 5-Acre Parcel Located Immediately East of Hopkins Road and North of Valley Avenue into an Interim "S" (Study) District, as shown on Zoning Unit Map No. 146, and Adopting said Ordinance as an Urgency Measure) was passed on May 27, 1975, placing said property shown on Zoning Unit Map No. 146, approximately five acres in size into an "S" (Study) District; and

WHEREAS, Sec. 65858 of the Government Code allows a legislative body, after giving the requisite notice and holding a public hearing, authority to extend an interim ordinance for an additional eight (8) months, said extension requiring a four-fifths vote by the City Council; and

WHEREAS, the requisite notice pursuant to Sec. 65858 was published and a public hearing was held on September 22, 1975;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLEASANTON DOES ORDAIN AS FOLLOWS:

## LEGAL NOTICE

Section 1. The provisions of Ordinance No. 761, adopted on May 27, 1975, are hereby continued for an additional eight (8) months.

Section 2. This ordinance shall be in force and effect immediately upon its passage and adoption and shall be of no further force and effect eight months after its adoption unless extended by law, or unless, prior to expiration, the City Council enacts legislation changing the property shown in Zoning Unit Map No. 146, attached hereto as Exhibit A, to a different zoning classification.

Section 3. This Ordinance shall be published on or within fifteen (15) days after its adoption in "THE TIMES", a newspaper of general circulation, published and circulated in the City of Pleasanton.

INTRODUCED AND ADOPTED at a regular meeting of the City Council of the City of Pleasanton on September 22, 1975, by the following vote:

AYES: Councilmembers Herlihy, LeClair, Philcox and Mayor Kinney

NOES: None

ABSENT: Councilmember McLain

EDWARD J. KINNEY, Mayor

Attest: William H. Edgar, City Clerk

## Legislators' win pay hike

SACRAMENTO (AP) — Gov. Edmund Brown Jr. signed a 10 per cent pay raise for California's 120 legislators Tuesday.

The members of the state Senate and Assembly will receive \$23,232 per year beginning Dec. 6, 1976, instead of the present \$21,120.

The bill, introduced by the Senate Rules Committee, had won narrow approval in both houses of the legislature.

In the Senate it passed by only a one-vote margin. In the Assembly it won a two-vote margin after backers pointed out that legislators still don't make as much as some plumbers, policemen and bus drivers.

Legislators were receiving \$16,000 a year in 1967 after winning the right to vote themselves raises. This rose from \$19,200 in 1971, and to \$21,120 this year.

The legislators still receive a \$30 per day living allowance when they're in session, and leased cars and gasoline credit cards, both paid for by the state. It is SB 610.

#### CITY COUNCIL OF THE CITY OF PLEASANTON, CALIFORNIA

##### ORDINANCE NO. 769

AN ORDINANCE AMENDING IN ITS ENTIRETY ARTICLE 3 (SURVEY AND SITE PLAN WITH APPLICATION FOR BUILDING PERMIT), CHAPTER 3 (BUILDING CODE), TITLE II (ZONING AND DEVELOPMENT) OF THE ORDINANCE CODE OF THE CITY OF PLEASANTON RELATING TO SURVEY AND SITE PLANS.

THE CITY COUNCIL OF THE CITY OF PLEASANTON DOES ORDAIN AS FOLLOWS:

Section 1. Article 3, Chapter 3, Title II of the Ordinance Code of the City of Pleasanton is hereby amended in its entirety to read as follows:

Section 2-13.03: PLAT OF SURVEY REQUIRED.

With each application for a building permit to erect, construct or enlarge a building or structure, or to move an existing building or structure to a new location, there shall be submitted a plat of a recent survey of the property proposed to be improved by said building or structure. These requirements shall be in addition to the requirements of Chapter 15 Division 3 of the Business and Professions Code of the State of California (Land Surveyor's Act) which shall take precedence when a Record of Survey is required.

Section 2-13.04: FORM OF SURVEY PLAT.

Two prints of the survey plat shall be submitted. The plat shall be accurately drawn to a scale of twenty feet to one inch and on a standard sized sheet of 18 inches by 26 inches, with a 1 inch border on all sides, unless otherwise authorized by the City Engineer. Upon approval of the survey by the City, a reproducible copy shall be supplied to the City.

Section 2-13.05: INFORMATION REQUIRED ON SURVEY PLAT.

The following minimum information shall be shown on all property surveys:

1. The name, address and registration number of the licensed land surveyor or registered civil engineer who performed the survey together with his certificate, signature and seal, the date the survey was made, and the name of the owner of record.

2. The exterior boundary lines of the property with their bearings and distances. Basis of bearings shall be the California State Coordinate (Zone III) bearing between two identified monuments. Deed courses shall be shown in parentheses, with "Deed" included with course. Courses based on other surveys shall also be shown in parentheses with a note reference to the survey included.

3. The location and type of monuments or other markers found or set by the surveyor.

4. The deed and/or survey distance and the measured distance sufficient to relate the side line of the property to the nearest intersecting street and to one identified monument.

5. The location of existing easements affecting the property with sufficient data to accurately locate them, and the proper recording data, and adopted precise plan lines of future street rights-of-way.

6. Contour lines at one foot intervals or spot elevation(s) on a grid system for predominant ground slopes between level 0% and 5%, contour lines at two foot intervals for predominant ground slopes between 5% and 10% and contour lines at five foot, or other appropriate interval, for predominant ground slopes exceeding 10%. All elevations shall be based on N.G.V.D. datum (National Geodetic Vertical Datum, formerly United States Coast and Geodetic Survey) unless otherwise authorized by the City Engineer, and

### LEGAL NOTICE

the bench mark used shall be listed with the record elevation.

7. The location of all existing buildings, structures, wells or other improvements on the property including trees, fences or poles and power lines. Where encroachment or near encroachment occurs with a property line, the distance from the property line shall be shown.

8. The location of curbs, gutters, sidewalk and street paving with elevations.

9. The location, size, slope and depth of open or closed drainage channels, sewer, water or other underground utilities, or affecting the property, based on best data available. (Precise invert elevations to be field measured when possible).

10. Natural topographic or agricultural features affecting the property.

Section 2-13.06: LIMITS OF SURVEY

The limits of the survey plat shall normally be the boundaries of the property except as follows:

1. The limit shall extend to the opposite property line of improved or unimproved streets.

2. Major buildings, structures or other features on adjacent properties shall be shown when they may reasonably be expected to affect the subject property.

3. When the proposed improvements occupy a small portion of a large parcel under one ownership the City Engineer may prescribe reasonable limits beyond the proposed work, except that the survey plat must show the location with relation to the property lines.

4. When needed to justify information included on the plat, the limits of the survey plat shall include other adjacent or non-adjacent parcels or streets.

Section 2-13.07: FIELD CONTROLS FOR SURVEY

The exterior boundaries of the property shall be clearly outlined on the ground by appropriate permanent stakes or monuments. Before the first inspection by the Building Official, City Engineer or their agents, any monuments or markers defining the exterior boundary lines of the property which have been disturbed or destroyed shall be reset by the surveyor.

Section 2-13.08: EXCEPTIONS TO SURVEY REQUIREMENTS

The requirement for a plat of survey may be waived for existing lots shown on filed subdivision maps recorded on or after January 1, 1970, with approval of the City Engineer.

The requirements for a plat of survey may be wholly or partially waived or modified by the City Engineer for small and unimportant work such as minor accessory buildings.

Section 2-13.09: SITE PLAN REQUIRED

With each application for a building permit to erect, construct, enlarge, alter, or convert a building or structure, or to move an existing building or structure to a new location, there shall be submitted a drawing of a site plan.

Section 2-13.10: FORM OF SITE PLAN

Two prints of the site plan shall be submitted, accurately drawn, to a scale of twenty feet to one inch, or as approved by City Engineer, and on an appropriate sized sheet. Upon approval by the City a reproducible copy shall be supplied to the City.

Section 2-13.11: INFORMATION REQUIRED ON SITE PLAN

The following minimum information shall be shown on all site plans:

1. A cross-reference of the property survey, if one is required.

2. The names, addresses and phone numbers of the property owner, the developer, and of the architect, engineer or other professional preparing the plans. The plans shall be signed by the person preparing them.

3. The exterior boundary lines of the property, adjacent streets and any easements affecting the property.

4. Contour lines at one foot intervals or spot elevation(s) on a grid system for predominant ground slopes between level 0% and 5%, contour lines at two foot intervals for predominant ground slopes between 5% and 10%, and contour lines at five foot, or other appropriate intervals, for predominant ground slopes exceeding 10%. All elevations shall be based on N.G.V.D. (National Geodetic Vertical Datum, formerly United States Coast and Geodetic Survey) datum unless otherwise authorized by the City Engineer, and the bench mark used shall be listed with the record elevation.

5. The location of all existing buildings, structures, wells or other improvements on the property including trees, fences or poles and power lines. Where encroachment or near encroachment occurs with a property line, the distance from the property line shall be shown.

6. The location of curbs, gutters, sidewalk and street paving with elevations.

7. The location, size, slope and depth of open or closed drainage channels, sewer, water or other underground utilities, or affecting the property, based on best data available. (Precise invert elevations to be field measured when possible).

8. Natural topographic or agricultural features affecting the property.

9. The location of all proposed buildings or structures with dimensions and proposed floor elevations of buildings shown on filed subdivision maps recorded on or after January 1, 1970 insofar as showing detailed information of existing building improvements.

The requirements for site plan may be wholly or partially waived or modified by the City Engineer for small and unimportant work such as minor accessory buildings or alterations or conversions that do not change the size or use of a building or structure.

Section 2. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held by a court of competent jurisdiction to be invalid, such a decision shall not affect the validity of the remaining portions of this ordinance. The City Council of the City of Pleasanton hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact any one or more sections, subsections, sentences, clauses or phrases be declared invalid.

Section 3. This ordinance shall become effective thirty (30) days after the date of its final passage and adoption.

Section 4. This ordinance shall be published once within fifteen days after its adoption in "THE TIMES", a newspaper of general circulation, published in the City of Pleasanton, and shall become effective thirty days after its final passage and adoption.

INTRODUCED at a regular meeting of the City Council of the City of Pleasanton on September 8, 1975.

ADOPTED at a regular meeting of the City Council of the City of Pleasanton on September 22, 1975 by the following vote:

AYES: Councilmembers Herlihy, LeClair, Philcox, and Mayor Kinney

NOES: None

ABSENT: Councilmember McLean

EDWARD J. KINNEY, Mayor

Attest: William H. Edgar, City Clerk

Approved as to form: Kenneth C. Scheidig, City Attorney
